Silca News No.01 2015

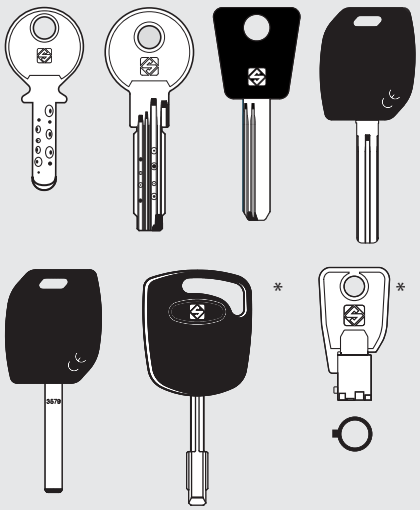
# Futura One

**After the unparalleled success of Futura, Silca is pleased to introduce Futura One, the new, tablet-integrated electronic key cutting machine for laser and dimple keys.**

## TYPES OF DUPLICABLE KEYS



* In order to copy these keys, specific optional accessories are required. / Per duplicare queste tipologie di chiavi è necessario utilizzare gli adattatori opzionali specifici. / Um diese Schlüssel zu kopieren, müssen Sie spezifisches Zubehör verwenden. / Pour reproduire ces clés, il faut utiliser des accessoires optionnels spécifiques. / Para copiar estas llaves hay que utilizar los accesorios opcionales específicos. / Para copiar essas chaves você deve usar acessórios opcionais específicos.

## FUTURA ONE

**Futura One is the new, ground-breaking electronic key cutting machine for laser and dimple keys.** It features:

// **Optimized single cutting station:** key decoding by electric contact, clamp with interchangeable jaws, automatic calibration.
// **Tablet-integrated** solution to keep Silca software database and functions at hand.
// Entirely **automated movements** on 3 axes and step-by-step guided key cutting operations.
// Innovative **led lighting** that changes color according to the machine's status.
// **Compact dimensions,** suitable for small-sized shops and van transportation.
// Comfortable and efficient working area with integrated swarf tray, accessories area and tool holder.
// Select components, high-quality materials and cutting-edge technologies guaranteed by Silca.

## FUTURA ONE

**Futura One è la nuova, rivoluzionaria duplicatrice elettronica per chiavi a cifratura punzonata e laser.** È caratterizzata da:

// **Stazione di taglio ottimizzata:** decodifica chiavi tramite contatto elettrico, morsetto unico con ganasce intercambiabili, calibrazione automatica.
// Soluzione con **tablet integrato** per avere il database e le funzioni dei software Silca sempre a portata di mano.
// **Movimenti automatici** lungo i 3 assi e operazioni di taglio interamente guidate.
// Innovativa **illuminazione a led** che cambia colore secondo lo stato della macchina.
// **Dimensioni compatte,** adatta a negozi con spazi ridotti e al trasporto su furgoni.
// Spazio di lavoro confortevole ed efficiente con area accessori, vassoio raccogli trucioli e porta utensili incorporati.
// Componenti selezionati, materiali di prima qualità e tecnologie di ultima generazione garantiti da Silca.

# Futura One

## FUTURA ONE

**Futura One ist die neue, bahnbrechende elektronische Schlüsselfräsmaschine für Bahnen- und Bohrmuldenschlüssel.** Sie ist durch folgendes gekennzeichnet:

// **Optimierter Fräsprozess:** Dekodierund der Schlüssel durch einen elektrischen Kontakt, Spannlösung mit austauschbaren Backen, automatische Kalibrierung.
// Dank der **Tablet-integrierten** Lösung stehen Ihnen die Datenbank und die Funktionen des Silca-Software stets zur Verfügung.
// **Vollautomatische Bewegung** auf drei Achsen und Schritt für Schritt geführte Schlüsselfräsprozesse.
// **Innovative LED-Beleuchtung,** die ihre Farbe dem Maschinenstatus entsprechend ändert.
// **Kompakte Abmessungen,** für kleine Geschäfte und dem mobilen Einsatz geeignet.
// Komfortabler und effizienter Arbeitsbereich mit integriertem Spänebehälter, Zubehörbereich und Werkzeughalter.
// Ausgewählte Komponenten, qualitativ hochwertige Materialien und modernste Technologie, die Silca garantiert.

## FUTURA ONE

**Futura One est la machine électronique à tailler les clés novatrice pour les clés laser et à points.** Elle est caractérisée par:

// **Processus de taillage optimisé:** décodage des clés par contact, électrique, étau avec une solution de mâchoires interchangeables, étalonnage automatique.
// **Solution intégrée dans une tablette** pour garder les fonctions et la base de données du logiciel Silca.
// **Mouvements entièrement automatisés** sur 3 axes et opérations de reproduction de clé guidées étape par étape.
// **Eclairage led innovant** qui change de couleur en fonction du statut de la machine.
// **Dimensions compactes,** adaptées aux boutiques de petite taille et au transport par fourgon.
// Zone de travail confortable et efficace avec tiroir à copeaux intégré, espace de stockage des accessoires et porte-outils.
// Composants de premier ordre, matériaux de haute qualité et technologies de pointe appliquées garantis par Silca.

## FUTURA ONE

**Futura One es la nueva y revolucionaria duplicadora electrónica para llaves de regata y de seguridad.** Se caracteriza por:

// **Proceso de corte optimizado:** decodificación de las llaves por contacto eléctrico, mordaza con solución de quijadas intercambiables, calibración automática.
// **Tableta integrada** para que la base de datos y las funciones de los programas software de Silca estén siempre a mano.
// **Movimientos totalmente automatizados** en 3 ejes y operaciones duplicadoras de llaves guiadas paso a paso.
// **Iluminación innovadora de lámparas led** que cambian de color según el estado de la máquina.
// **Dimensiones compactas,** ideal para tiendas pequeñas y transporte en furgoneta.
// Área de trabajo cómoda y eficaz con colector de virutas integrado, área de accesorios y portaherramientas.
// Componentes selectos, materiales de alta calidad y aplicación de tecnologías avanzadas, todo con la garantía Silca.

## FUTURA ONE

**A Futura One é a inovadora máquina duplicadora eletrônica para chaves laser e de pontos.** É caracterizada por:

// **Processo de corte otimizado:** decodificação das chaves por contato elétrico, solução de mordentes com garras intercambiáveis, calibração automática.
// **Solução com tablet integrado** para manter o banco de dados e as funções do programa software de Silca à mão.
// **Movimentos totalmente automatizados** nos 3 eixos e operações de corte de chave guiadas passo a passo.
// **Iluminação inovadora por led** que muda de cor de acordo com o estágio da máquina.
// Dimensões compactas adequadas para instalações de pequeno porte e transporte por van.
// Área de trabalho confortável e eficiente com bandeja integrada para as aparas, área de acessórios e recipiente para ferramentas.
// Componentes selecionados, materiais de alta qualidade e tecnologias de ponta garantidos pela Silca.

- With the new **MySilca App** from Silca, you can access all the expertise and experience of your Key Partner anytime, anywhere.

# Futura Frequently Asked Questions

**Can I use a different tablet with my Futura machine or must I only use the one that was supplied along with the Futura machine?**

The tablet supplied along with the Futura machine has already been tested and registered to the Futura machine, therefore does not require any additional procedure other than to make sure that one first switches the Futura machine on, then its tablet.
Most other tablets can also be used with the Futura machine, but the display should be at least 10 inches and the operating system must be Android (minimum version required: 4.2). One must also download and install both the Silca Futura Application and the Silca Keyboard Application to it.

## Artènsile - Hardware Art Show

in La Spezia - CAMeC, Centre for Modern and Contemporary Art
ITALY

### Art meets Hardware

Silca supports Artènsile, a photography competition created by Sabrina Canese and supported by the municipality of La Spezia and by CAMeC that aim to shed a new light on the mundane world of hardware goods. This year's theme is focusing on security devices, such as locks, keys and safes.

The winners of the competition will be announced on 21st February, while soon after Artènsile Off will start: the best photos will be exhibited in several hardware shops all over the country.

# Silca Key Programs

## Update 1/2015 - SKP Vers. 20.6.x.xx

### UPDATE 1/2015

**New Silca Key Programs 1/2015 Update for all WEB and DVD subscribers**. New items include:

- On CODEMAKER for flat keys a new “NORMAL EASY” cutting method can be used. This method can be selected on many data cards instead of the Normal, Flat or Laser method to reduce cutting vertices and make the key.
- Updated the comparative list.

### AGGIORNAMENTO 1/2015

**Nuovo Aggiornamento Silca Key Programs 1/2015 per tutti gli abbonati WEB e DVD.** Tra le novità:

- Nel CODEMAKER per chiavi piatte è possibile utilizzare un nuovo metodo di taglio denominato “NORMAL EASY”, selezionabile in moltissime schede al posto del metodo Normale, Piano o Laser per ridurre i vertici di cifratura e rendere la chiave più scorrevole nel cilindro.
- Aggiornati i comparativi.

### AKTUALISIERUNG 1/2015

**Neue Aktualisierung Silca Key Programs 1/2015 für alle WEB und DVD Abonnenten.** Unter den Neuheiten:

- Im CODEMAKER für Flachschlüssel kann eine neue Fräsart “NORMAL EASY” benutzt werden. Diese Methode kann auf vielen Datenkarten anstelle der Methode Normal, Flach oder Laser ausgewählt werden, damit die Fräs(„Frässpitzen“) verringert werden und die Schlüssel leichter in den Zylinder gleiten.
- Die Vergleichsliste wird aktualisiert.

### MISE À JOUR 1/2015

**Nouvelle mise à jour Silca Key Programs 1/2015 pour tous les abonnés WEB et DVD.** Parmi les nouveautés:

- Sur CODEMAKER pour clés plates, il est possible d’utiliser une nouvelle taille appelée “NORMAL EASY”. Cette méthode peut être sélectionnée dans plusieurs cartes en plus des méthodes Normal, Plate et Laser pour réduire les pointes de tailles et faire la clé.
- Mise à jour des comparatifs.

### ACTUALIZACIÓN 1/2015

**Nueva actualización Silca Key Programs 1/2015 para todos los abonados WEB y DVD.** Entre las novedades:

- En el CODEMAKER para llaves planas es posible utilizar un nuevo método de corte llamado “NORMAL EASY”, seleccionable en muchísimas fichas en lugar del método Normal, Plano o Láser para reducir los vértices de cifrado y para que la llave deslice mejor en el cilindro.
- Actualizado el comparativo.

### ATUALIZAÇÃO 1/2015

**Nova atualização Silca Key Programs 1/2015 para todos o assinantes WEB e DVD.** Entre as novidades:

- No CODEMAKER para chaves planas é possível utilizar um novo método de corte chamado “NORMAL EASY”, selecionável em muitas fichas em lugar do método Normal, Plano ou Laser para reduzir os vértices de corte e fazer com que a chave deslize melhor no cilindro.
- Atualizado os comparativos.

# SILCA FUTURA PROGRAM
## New Functions
## FUTURA Vers. 2.9.0

**New Functions / Nuove Funzioni / Neue Funktionen / Nouvelles Fonctions / Nuevas Funciones / Novas Funções**

- New Function **“Cutting Tree” from “Card => Partial cuts”.** This function shows you how to recut multiple codes onto the same key blank so you can test each one and use a minimum number of key blanks.
- New Function **“Cutting speed tuning”** on Copy by original, copy by card for standard, laser and dimple keys. Using this function, it’s possible to change the “cutting speed” and the “Depth removal step” according to the thickness and the material of the blank key to be cut.
**- Turkish language.**

Remember to update the Silca.apk after installing the Software update (see the on board Instructions Manual - Ch 6.2 APP UPDATE (apk)).

- Nuova funzione **“Albero di taglio” accessibile da “scheda => intagli parziali”.** Questa funzione mostra come cifrare più combinazioni sulla stessa chiave, che può essere provata nel cilindro, utilizzando il minor numero di chiavi possibile.
- Nuova funzione **“Variazione della velocità di taglio”** in copia da originale e in copia a scheda per chiavi piatte, laser e punzonate. Tale funzione permette all’utente di modificare la velocità di avanzamento e l’asportazione di materiale in base al materiale e allo spessore della chiave da cifrare.
**- Lingua Turca.**

Ricordarsi di aggiornare il Silca.apk dopo l’installazione dell’aggiornamento (vedi istruzioni nel Manuale d’uso - Cap. 6.2 AGGIORNAMENTO APP (apk)).

Copyright by Silca S.p.A. 2015 - All rights reserved

# SILCA FUTURA PROGRAM

## New Functions

## FUTURA Vers. 2.9.0

**New Functions / Nuove Funzioni / Neue Funktionen / Nouvelles Fonctions / Nuevas Funciones / Novas Funções**

- Neue Funktion **“Fräswelle” erreichbar über “Karte => Teilfräsungen”.** Diese Funktion zeigt wie mehrere Kombinationen auf dem selben Schlüssel gefräst werden können. Am Zylinder zu testen, um möglichst wenige Schlüssel zu verwenden.
- Neue Funktion **“Änderung der Fräsgeschwindigkeit”** beim Kopieren vom Original und beim Kopieren von Karte bei Flach-, Bahnen- und Bohrmuldenschlüssel. Diese Funktion ermöglicht es dem Nutzer die Geschwindigkeit des Fräsvorgangs und der Materialabtragung je nach Material und Stärke des zu fräsenden Schlüssels zu ändern.
**- Türkische Sprache.**

Erinnern Sie sich die Silca apk nach der Installation des Updates zu aktualisieren (siehe Anleitungen des Betriebs-Handbuches - Kap. 6.2 UPDATE DER APP (apk)).

- Nouvelle fonction **“Arbre de taillage” accessible de “onglet => entailles partielles”.** Cette fonction montre comment tailler plusieurs combinaisons sur la même clé, qui peut être testée dans le cylindre, en utilisant le moins de clés possible.
- Nouvelle fonction de **“Variation de la vitesse de taillage”** par copie à partir d’un original et de copie à partir d’un onglet pour les clés plates, laser et points. Grâce à cette fonction, l’utilisateur pourra modifier la vitesse d’amenage et l’ablation de matériau en fonction du dit matériau et de l’épaisseur de la clé à tailler.
**- Turc.**

Mettre à jour Silca.apk après l’installation de la mise à jour (voir instructions dans le Mode d’Emploi - Chap. 6.2 MISE À JOUR APP (apk)).

- Nueva función **“Gama de cortes” accesible desde la “tarjeta => cortes parciales”.** Esta función muestra el modo para cortar varias combinaciones en la misma llave, que puede probarse en el cilindro, y utilizar así el menor número posible de llaves.
- Nueva función **“Variación de la velocidad de corte”** en copia desde original y en copia en tarjeta para llaves planas, láser y de seguridad. Dicha función permite al usuario modificar la velocidad de avance y la extracción de material según el material y el grosor de la llave cortada.
**- Idioma turco.**

Se recuerda que Silca.apk se ha de actualizar tras instalar la actualización (véanse las instrucciones del Manual de uso - Cap. 6.2 ACTUALIZACIÓN DE LA APP (apk)).

- Nova função **“Veio de corte” alcançável de “ficha => entalhes parciais”.** Esta função mostra como cortar mais combinações na mesma chave, que pode ser provada no cilindro, utilizando o menor número de chaves possível.
- Nova função **“Variação da velocidade de corte”** na cópia de original e na cópia de ficha para chaves planas, laser e de pontos. Essa função permite ao utilizador modificar a velocidade de avanço e a remoção de material de acordo com o material e a espessura da chave a cortar.
**- Idioma Turco.**

Lembrar de atualizar o Silca.apk após a instalação da atualização (ver as instruções no Manual de Utilização - Cap. 6.2 ATUALIZAÇÃO APP (apk)).

# Silca attends major European fairs

16-17/5

## MLA London Region Exhibition

Mercure Hotel Watford
Watford, Hertfordshire
UNITED KINGDOM

### MLA London Region Exhibition

Silca is attending the London Region Exhibition organised by the Master Locksmiths Association, the largest and longest established locksmiths organisation in the UK.

The fair focuses in particular on electronic key machines, including Unocode 399 Plus and Evo, Futura One, Triax Quattro and Idea. A range of mechanical key cutting machines, the RW4 Plus cloning device and the Air4 residential remotes will also be on the show and available for visitors who want to test them and try them hands-on.

We are looking forward to seeing you at our booth.

> locksmiths.co.uk

22-24/5

## ELF Convention

The Grand Hotel
Malahide, North Dublin
IRELAND

### ELF Convention

Silca is participating in the annual European Locksmith Federation convention, taking place this year in Dublin, Ireland.

Proud sponsor of the exhibition, Silca is going to hold a seminar on international auto locksmithing, a profitable business with great growth potential. To provide its customers with the right tools to tackle this interesting market, Silca has developed a comprehensive range of products, including the recently added car key programmers by Advanced Diagnostics, showcased for the first time at the 2015 ELF convention.

Visit our stand to discover the entire Silca Automotive Solution.

> elf2015.com

27-31/5

## Ferroforma concurrent event

Hotel Novotel Bilbao Exhibition Centre
Barakaldo, Bilbao
SPAIN

### Silca Open House

If you're attending Ferroforma, you might as well stop by at the open house organised by Silca at the Hotel Novotel, opposite the Bilbao Exhibition Centre.

In this remarkable setting, Silca is going to present a new range of car key programming devices designed and engineered by Advanced Diagnostics, worldwide leading provider of automotive key programming solutions, along with an extensive array of products, including the Empty Shells, Futura key cutting machine and the Air4 residential remotes.

Come test first-hand our products and attend one of the many practical courses held every day during the event.

## SILCA FUTURA PROGRAM 1/2015
**New Functions**

**FUTURA Vers. 2.10.0 - db 1.25**
**FUTURA app Vers. 1.17**

**New Functions / Nuove Funzioni / Neue Funktionen / Nouvelles Fonctions / Nuevas Funciones / Novas Funções**

- New **"User code table import" function accessible from "Settings"=> "User series".** This new function allows users to import a code table in the XML-Keso or csv format to create a new user series.
- New **"Change dimensions" function.** For all edge simmetrical keys, it is now possible to view dimensions in two ways: depths referred to the middle of the key or depths referred to the edge of the key.
- Improved the **"Queue of jobs"** function.

Remember to update the Silca.apk after installing the Software update (see the on board Instructions Manual - Ch. APP UPDATE (apk)).

- Nuova funzione **"Importazione tabelle utente" accessibile da "Impostazioni => Serie Utente".** Questa funzione permette all'utente di importare una tabella di codici in formato XML-Keso o csv creando una nuova serie utente.
- Nuova funzione **"Visualizzazione quote".** Nella finestra della scheda, per chiavi piatte simmetriche, è possibile scegliere la visualizzazione delle profondità della scheda in due modi : profondità riferite all'asse della chiave, profondità riferite al dorso della chiave.
- Migliorata la gestione della funzione **"Coda di lavoro".**

Ricordarsi di aggiornare il Silca.apk dopo l'installazione dell'aggiornamento (vedi istruzioni nel Manuale d'uso - Cap. AGGIORNAMENTO APP (apk)).

Copyright by Silca S.p.A. 2015 - All rights reserved

# SILCA FUTURA PROGRAM 1/2015
## New Functions

**FUTURA Vers. 2.10.0 - db 1.25**
**FUTURA app Vers. 1.17**

New Functions / Nuove Funzioni / Neue Funktionen / Nouvelles Fonctions / Nuevas Funciones / Novas Funções

- Neue **“Benutzercode-Tabellen-Funktion” Funktion einstellbar in “Einstellungen”=> “Benutzer-Serie”.** Diese neue Funktion ermöglicht es dem Benutzer eine Tabelle im XML-Keso- oder csv-Format zu erstellen, um eine neue Benutzerserie zu kreieren.
- Neue **“Maßüberprüfung” Funktion.** Für alle beidseitig eingeschnittenen Schlüssel ist es jetzt möglich, zwischen zwei verschiedenen Funktionen zu wählen.
- Verbesserte **Funktion “Warteschlange der Aufträge”.**

Erinnern Sie sich die Silca apk nach der Installation des Updates zu aktualisieren (siehe Anleitungen des Betriebs-Handbuches - Kap. UPDATE DER APP (apk)).

- Nouvelle fonction **“User code table import” (Import de tables de codes de l’utilisateur) accessible via la fonction "Paramètres => Séries utilisateur".** Cette nouvelle fonction permet aux utilisateurs d'importer une table de codes au format XML-Keso ou CSV pour créer une nouvelle série de codes.
- Nouvelle fonction **"Change dimensions" (Changer les dimensions).** Pour toutes les doubles tailles symétriques, il est maintenant possible de visualiser les dimensions de deux manières différentes: profondeurs par rapport au milieu de la clé ou profondeurs par rapport au bord de la clé.
- Amélioration de la fonction **"File d'attente des tâches".**

Mettre à jour Silca.apk après l’installation de la mise à jour (voir instructions dans le Mode d’Emploi - Chap. MISE À JOUR APP (apk)).

- Nueva función **"Importación de tablas de códigos" función accesible desde "Configuración" => "series usuario".** Esta nueva función permite a los usuarios importar una tabla de códigos en el formato csv o XML-Keso o para crear una nueva serie de usuarios.
- Nueva función **"Cambio de cotas".** Para todas las llaves doble serreta de automoción, ahora es posible ver las cotas de dos maneras: Profundidades relativas a la mitad de la llave o profundidades relativas a la llave en bruto.
- Mejora en la función "**cola de trabajo".**

Se recuerda que Silca.apk se ha de actualizar tras instalar la actualización (véanse las instrucciones del Manual de uso - Cap. ACTUALIZACIÓN DE LA APP (apk)).

- Nova função **“Importação tabela utilizador” com acesso de “Programações => Série Utilizador”.** Esta função permite ao utilizador importar uma tabela de códigos em formato XML-Keso ou csv criando uma nova série utilizador.
- Nova função **“Visualização cotas”.** Na janela da ficha, para chaves planas simétricas, é possível escolher a visualização da profundidade da ficha de duas maneiras: profundidades referidas ao eixo da chave, profundidades referidas ao dorso da chave.
- Foi melhorada a gestão da função **“Lista de trabalho”.**

Lembrar de atualizar o Silca.apk após a instalação da atualização (ver as instruções no Manual de Utilização - Cap. ATUALIZAÇÃO APP (apk)).

# MySilca App

## The version 1.2 is now online

## MySilca App - version 1.2

**A new version of MySilca App, optimized also for tablets, has been released on Google Play and App Store for free download.**

MySilca has been developed to meet the needs of key cutters and locksmiths worldwide and provide them real time support and updates.

> Available for Android and iOs systems*.
> Optimized for tablet and smartphone.
> Available in English, Italian, German, French, Spanish and Portuguese.
> Overview of all Silca products, with comprehensive and easy to consult materials, and exclusive technical contents to support you in your daily work.
> Prompt access to all the necessary information to duplicate a remote with Silca Air4, including video tutorials to guide you step-by-step through the procedures.
> A selected array of key machines features also a search menu to single out the Silca cutters and tracer points needed to copy different key systems.
> Real time updates through push notifications and immedite access to the electronic key catalogue.

## MySilca App - versione 1.2

**Una nuova versione di MySilca App, ottimizzata anche per tablet, è disponibile e scaricabile gratuitamente da Google Play e App Store.**

MySilca è stata sviluppata per fornire aggiornamento e supporto in tempo reale all'attività quotidiana di duplicatori e specialisti in tutto il mondo.

> Disponibile per i sistemi Android e iOs*.
> Ottimizzata per tablet e smartphone.
> Disponibile in italiano, inglese, tedesco, francese, spagnolo e portoghese.
> Panoramica di tutti i prodotti Silca con contenuti esaustivi e di facile consultazione, ed un'esclusiva documentazione tecnica per fornirti supporto quotidiano.
> Rapido accesso a tutte le informazioni necessarie a duplicare un radiocomando con Silca Air4, fra cui video tutorial che ti guidano passo passo nelle procedure di copia.
> Una selezionata gamma di duplicatrici è dotata anche di un menu di ricerca per individuare frese e tastatori Silca necessari a copiare diversi sistemi chiave.
> Aggiornamenti in tempo reale tramite notifiche push e accesso immediato al catalogo elettronico chiavi.

## MySilca App - Version 1.2

**Eine neue Version von MySilca App für Tablet-optimiert steht in Google Play und App Store zur Verfügung: herunterladen Sie es kostenlos.**

MySilca wurde entwickelt, um ständig aktuelle Informationen und Support in Echtzeit für die alltägliche Arbeit der Schlüsseldienste weltweit zu liefern.

> Für Android oder iOs* Systeme erhältlich.
> Für Tablet und Smartphone optimiert.
> In Deutsch, Englisch, Italienisch, Spanisch, Französisch, und Portugiesisch verfügbar.
> Überblick aller Silca-Produkte mit ausführlichem Infomaterial, und exklusiven technischen Unterlagen für alltäglichen Support.
> Leichter Zugriff auf alle für die Kopie von Funkfernbedienungen mit Air4 notwendigen Informationen, und auch Tutorfilme, die Sie stufenweise durch den Kopiervorgang führen.
> Einige Schlüsselkopiermaschinen verfügen auch über ein Menü zur Suche von Silcafräsern und Tastern, die zum Kopieren von verschiedenen Schlüsselsystemen erforderlich sind.
> Updates in Echtzeit durch Push-Benachrichtigungen und Sofortzugriff auf den elektronischen Schlüsselkatalog.

* Minimum software version required: 4.1 for Android - 7.1 for iOs. Compatible with iPhone, iPad and iPod touch. MySilca is optimized for iPhone 5.

* Versione software minima richiesta: 4.1 per Android - 7.1 per iOs. Compatibile con iPhone, iPad e iPod touch. MySilca è ottimizzata per iPhone 5.

* Erforderliche Mindestsoftwareversion: 4.1 für Android - 7.1 für iOs. Kompatibel mit iPhone, iPad und iPod touch. MySilca ist für iPhone 5 optimiert.

MOBILE APP

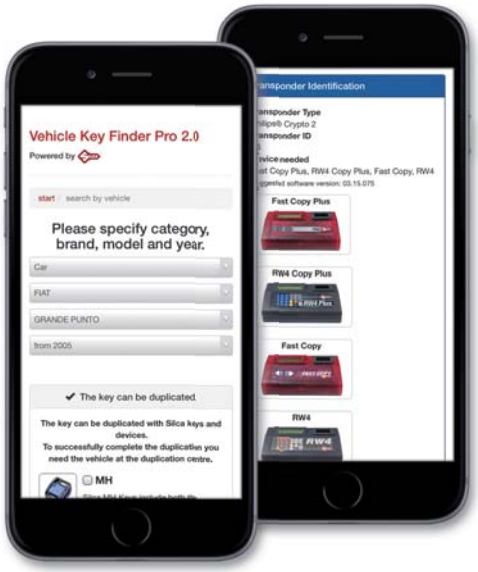
## Vehicle Key Finder Pro



**This tool has been designed to facilitate your search of automotive keys starting from either a Silca reference or a vehicle make and model.** VKF Pro provides you with all the information necessary to copy a vehicle key, such as what transponder and cloning device you need, what key machines you can use to cut the blade and with the aid of what clamps and software cards.

**Questo strumento è pensato per semplificare la tua ricerca di chiavi automotive a partire da una referenza Silca o dalla marca e dal modello di un veicolo.** VKF Pro fornisce tutte le informazioni necessarie a copiare una chiave veicolo, come quale transponder e dispositivo di clonazione utilizzare, quale duplicatrice scegliere per cifrare la canna della chiave e con l'ausilio di quali morsetti e schede software.

**Dieses Tool vereinfacht Ihre Suche des Fahrzeugschlüssels durch eine Silca-Referenz oder die Fahrzeugmarke und Modell.** VKF Pro liefert alle zum Schlüssel-Kopieren erforderlichen Informationen, z.B. welchen Transponder und welches Gerät Sie verwenden sollten, welche Kopiermaschine eignet sich besser für den Einschnitt von der Schlüsselstange und mit welchen Klemmen und Softwarekarten.

**Cet outil a été conçu pour faciliter votre recherche de clés automobiles à partir d'une référence Silca ou d'une marque et d'un modèle de véhicule.** VKF Pro vous donne toutes les informations nécessaires à la reproduction d'une clé de véhicule, telles que le type de transpondeur et l'appareil de reproduction dont vous avez besoin, les machines que vous pouvez utiliser pour tailler une lame et les serrages et logiciels qui peuvent vous aider.

**Esta herramienta ha sido diseñada para facilitar la búsqueda de llaves de coche ya sea utilizando la referencia Silca o marca y modelo del coche.** VKF Pro, disponible exclusivamente en MySilca, te proporciona toda la información necesaria para copiar una llave de coche, tal como el transponder, dispositivo de clonación, duplicadora de llaves para cortar el perfil, mordazas y fichas a utilizar.

**Este instrumento é pensado para simplificar a pesquisa de chaves automóveis a partir de uma referência Silca ou da marca e do modelo de um veículo.** VKF Pro fornece todas as informações necessárias para copiar uma chave de veículo, como qual transponder e qual dispositivo de clonação utilizar, qual máquina duplicadora escolher para cortar a cana da chave e com o auxílio de quais mordentes e fichas software.

# Free Software Update ADS222 - Ford® Coded 2014

## Reduces the up to 5 hour procedure to within 8 minutes when using the Smart Dongle

### Advanced Diagnostics have released a free software update available for ADS222 Ford® Coded 2014.

The update reduces the 'up to 5 hour procedure' to within 8 minutes for programming keys - when using the Smart Dongle. Without the Smart Dongle the wait time remains up to 5 hours if you do not have a Ford dealer login.

For the vehicle application list, please see the table that follows or check the IQ tool on the Advanced Diagnostics website (North American vehicles are excluded).

### Advanced Diagnostics ti offre l'aggiornamento gratuito del software per i modelli Ford® Coded 2014 (ADS222).

L'aggiornamento software, con l'ausilio di Smart Dongle, ti offre la possibilità di ridurre il tempo di programmazione della chiave da 5 ore a 8 minuti circa. Se non disponi dello Smart Dongle e non hai accesso al codice di sicurezza originale rilasciato da Ford ai concessionari autorizzati, la procedura di programmazione della chiave richiede sempre un tempo che può arrivare fino a 5 ore.

Vedi la lista dei veicoli riconosciuti dal nuovo software nella tabella a seguito o su IQ nel sito di Advanced Diagnostics (esclusi i veicoli del mercato nordamericano).

### Advanced Diagnostics bietet die kostenfreie Aktualisierung der Software für die Modelle Ford® Coded 2014 (ADS222).

Die Aktualisierung der Software mit Smart Dongle bietet die Möglichkeit die Zeit für die Schlüsselprogrammierung von 5 Stunden auf ungefähr 8 Minuten zu kürzen. Wenn Sie keinen Smart Dongle haben und nicht über den originalen Sicherheitszugangscode verfügen, den Ford den Vertragshändler liefert, dann kann der Vorgang zur Schlüsselprogrammierung bis zu 5 Stunden dauern.

Siehe die Liste der von der neuen Software erkannten Fahrzeuge in der beigelegten Tabelle oder im IQ auf der Webseite Advanced Diagnostics (Fahrzeuge des USA-Marktes ausgeschlossen).

### Advanced Diagnostics vous offre la mise à jour gratuite du logiciel pour les modèles Ford® Coded 2014 (ADS222).

La mise à jour du logiciel, avec l'aide de Smart Dongle, vous permettra d'abattre le temps de programmation de la clé de 5 heures à 8 minutes environ. Si vous n'avez pas de Smart Dongle et que vous n'avez pas accès au code de sécurité original délivré par Ford aux concessionnaires autorisés, il faudra compter un temps de 5 heures environ pour la procédure de programmation de la clé.

Voir la liste des véhicules reconnus par le nouveau logiciel dans le tableau ci-dessous ou sur l'IQ dans le site Advanced Diagnostics (sauf pour les véhicules du marché nord-américain).

### Advanced Diagnostics te ofrece la actualización gratis del software para los modelos Ford® Coded 2014 (ADS222).

La actualización software, con Smart Dongle, te permite reducir el tiempo de programación de la llave de 5 horas a 8 minutos aproximadamente. Si no tienes el Smart Dongle y no puedes acceder al código de seguridad original expedido por Ford a los concesionarios autorizados entonces el procedimiento de programación de la llave requiere como siempre un tiempo máximo de 5 horas.

Consulta la lista de los vehículos reconocidos por el nuevo software en la tabla siguiente o en IQ en la web de Advanced Diagnostics (salvo para los vehículos del mercado norteamericano).

### A Advanced Diagnostics oferece a atualização gratuita do software para os modelos Ford® Coded 2014 (ADS222).

A atualização do software, com o auxílio de Smart Dongle, dá a possibilidade de reduzir o tempo de programação da chave de 5 horas para aproximadamente 8 minutos. Se não dispor do Smart Dongle e não tiver acesso ao código de segurança original passado pela Ford aos concessionários autorizados, o procedimento de programação da chave necessita sempre de um tempo que pode chegar até 5 horas.

Veja a lista dos veículos reconhecidos pelo novo software na tabela que segue ou em IQ no site da Advanced Diagnostics (excluídos os veículos do mercado norte-americano).

### MVP Pro Customers

MVP Pro customers will receive this software update free of charge (requires Smart Dongle for functionality). / I clienti che possiedono MVP Pro riceveranno l'aggiornamento software gratuitamente (è richiesto l'utilizzo di Smart Dongle per questa funzionalità). /Die Kunden, die schon über MVP Pro verfügen, bekommen die Aktualisierung der Software kostenfrei (für diese Funktion muss Smart Dongle verwendet werden). / Les clients possédant MVP Pro recevront la mise à jour du logiciel gratuitement (pour cette fonction il faudra utiliser Smart Dongle). / Los clientes en posesión de MVP Pro recibirán la actualización gratis del software (esta función requiere el uso del Smart Dongle). / Os clientes que possuem MVP Pro receberão gratuitamente a atualização do software (é exigida a utilização de Smart Dongle para essa função).

### AD100 Pro Customers

AD100Pro customers that have purchased ADS222 will receive this update free of charge (requires Smart Dongle for functionality). / I clienti che possiedono AD100 Pro e hanno acquistato il software ADS222 riceveranno l'aggiornamento gratuitamente (è richiesto l'utilizzo di Smart Dongle per questa funzionalità). / Die Kunden, die schon über AD100 Pro verfügen und die Software ADS222 gekauft haben, bekommen die Aktualisierung der Software kostenfrei (für diese Funktion muss Smart Dongle verwendet werden). / Les clients possédant AD100 Pro ayant acheté le logiciel ADS222 recevront la mise à jour gratuitement (pour cette fonction il faudra utiliser Smart Dongle). / Los clientes en posesión de AD100 Pro y que han comprado el software ADS222 recibirán la actualización gratis del software (esta función requiere el uso del Smart Dongle). / Os clientes que possuem AD100 Pro e adquiriram o software ADS222 receberão gratuitamente a atualização (é exigida a utilização de Smart Dongle para essa função).

# Free Software Update ADS222 - Ford® Coded 2014

## Reduces the up to 5 hour procedure to within 8 minutes when using the Smart Dongle

AD ADVANCED DIAGNOSTICS

- Please connect your Pro tester and Smart Dongle to the AD Loader and update to both.
- Tester Version: 12.03 BETA
- Smart Dongle Version: 1.1.2

The use of the following is required:
- Cable: ADC250 or ADC151
- Dongle: Smart Dongle
- Software category: A
- Other software required: ADS162

AD Software described in this release may not be applicable to all markets and countries: please consult with your local distributor or sales rep for further information.

- Collegare il dispositivo di programmazione e lo Smart Dongle al programma AD Loader per aggiornare entrambi.
- Versione dispositivo: 12.03 BETA
- Versione Smart Dongle: 1.1.2

È richiesto l'utilizzo dei seguenti:
- Cavo: ADC250 o ADC151
- Dongle: Smart Dongle
- Categoria software: A
- Altri software richiesti: ADS162

L'aggiornamento software può non essere disponibile in tutti i mercati e paesi: contatta il tuo distributore locale o il tuo agente di riferimento per ulteriori informazioni.

- Das Programmiergerät und den Smart Dongle an das Programm AD Loader verbinden, um beide zu aktualisieren.
- Version des Geräts: 12.03 BETA
- Version Smart Dongle: 1.1.2

Es sind folgende Komponente erforderlich:
- Kabel: ADC250 oder ADC151
- Dongle: Smart Dongle
- Kategorie der Software: A
- Weitere erforderliche Software: ADS162

Möglicherweise ist die Aktualisierung der Software nicht für alle Märkte und Länder erhältlich: wenden Sie sich an Ihren lokalen Distributor oder an Ihren Händler für weitere Infos.

- Connecter le dispositif de programmation et Smart Dongle au programme AD Loader pour les mettre à jour tous les deux.
- Version dispositif: 12.03 BETA
- Version Smart Dongle: 1.1.2

Eléments indispensables:
- Câble: ADC250 ou ADC151
- Dongle: Smart Dongle
- Catégorie du logiciel: A
- Autres logiciels requis: ADS162

La mise à jour du logiciel ne peut être disponible sur tous les marchés et tous les pays: veuillez contacter votre distributeur local ou votre agent référentiel pour de plus amples informations.

- Conecta el dispositivo de programación y el Smart Dongle al programa AD Loader para actualizar ambos.
- Versión del dispositivo: 12.03 BETA
- Versión de Smart Dongle: 1.1.2

Se requiere el uso de los siguientes:
- Cable: ADC250 o ADC151
- Dongle: Smart Dongle
- Categoría del software: A
- Otros softwares requeridos: ADS162

La actualización del software no está disponible en todos los mercados y países: contacta a tu distribuidor local o a tu agente de referencia para obtener información adicional.

- Ligar o dispositivo de programação e o Smart Dongle ao programa AD Loader para atualizar ambos.
- Versão do dispositivo: 12.03 BETA
- Versão Smart Dongle: 1.1.2

É exigida a utilização dos seguintes:
- Cabo: ADC250 ou ADC151
- Dongle: Smart Dongle
- Categoria software: A
- Outros softwares solicitados: ADS162

A atualização do software pode não estar disponível em todos os mercados e países: contacte o seu distribuidor local ou o seu agente de referência para mais informações.

# New Software Release ADS227 - Toyota® 2015 (USA)

## For vehicles in North America

**Advanced Diagnostics are pleased to announce the release of ADS227 key programming software for Toyota® and Lexus® vehicles found in North America. Please see the vehicle application list below and on the IQ tool of the Advanced Diagnostics website.**

Toyota® 2015 software is specifically for AD100 Pro and MVP Pro programmers and will program bladed and proximity keys.

No pin code or working key is required.

AD Software described in this release may not be applicable to all markets and countries: please consult with your local distributor or sales rep for further information.

**Advanced Diagnostics ha rilasciato il nuovo software ADS227 per la programmazione di chiavi dei veicoli Toyota® e Lexus® nordamericani. Vedi la lista dei veicoli riconosciuti dal nuovo software nella tabella a seguito o su IQ nel sito di Advanced Diagnostics.**

Il software Toyota® 2015 è specifico per i dispositivi AD100 Pro e MVP Pro e consente di programmare chiavi con canna metallica e chiavi di prossimità.

Non è richiesto alcun codice pin o chiave funzionante.

L'aggiornamento software può non essere disponibile in tutti i mercati e paesi: contatta il tuo distributore locale o il tuo agente di riferimento per ulteriori informazioni.

**AD hat die neue Software ADS227 für die Programmierung von Schlüsseln der nordamerikanischen Fahrzeuge der Toyota® und Lexus® herausgegeben. Siehe die Liste der von der neuen Software erkannten Fahrzeuge in der beigelegten Tabelle oder im IQ auf der Webseite Advanced Diagnostics.**

Die Software Toyota® 2015 ist spezifisch für die Geräte AD100 Pro und MVP Pro und ermöglicht das Programmieren von Schlüsseln mit auswechselbaren Metallschaft und Näherungsschlüsseln.

Kein Pin-Code oder funktionierender Schlüssel notwendig.

Möglicherweise ist die Aktualisierung der Software nicht für alle Märkte und Länder erhältlich: wenden Sie sich an Ihren lokalen Distributor oder an Ihren Händler für weitere Infos.

**Advanced Diagnostics a délivré le nouveau logiciel ADS227 pour programmer les clés des véhicules Toyota® et Lexus® nord-américains. Voir la liste des véhicules identifiés par le nouveau logiciel dans le tableau ci-dessous ou sur IQ sur le site Advanced Diagnostics.**

Le logiciel Toyota® 2015 est spécifique pour les dispositifs AD100 Pro et MVP Pro et permet de programmer des clés à canon métallique ainsi que des clés de proximité.

Nul besoin de code pin ni de clé en ordre de marche.

La mise à jour du logiciel ne peut être disponible sur tous les marchés et tous les pays: veuillez contacter votre distributeur local ou votre agent référentiel pour de plus amples informations.

**AD ha realizado el nuevo software ADS227 para la programación de llaves de los vehículos norteamericanos Toyota® y Lexus®. Consulta la lista de los vehículos reconocidos por el nuevo software en la tabla siguiente o en IQ en la web de Advanced Diagnostics.**

El software Toyota® 2015 es específico para los dispositivos AD100 Pro y MVP Pro; permite programar llaves con cuerpos metálicos y llaves de proximidad.

No se requieren códigos pin o una llave funcionante.

La actualización del software no está disponible en todos los mercados y países: contacta a tu distribuidor local o a tu agente de referencia para obtener información adicional.

**A Advanced Diagnostics produziu o novo software ADS227 para a programação das chaves dos veículos Toyota® e Lexus® norte-americanos. Veja a lista dos veículos reconhecidos pelo novo software na tabela que segue ou em IQ no site da Advanced Diagnostics.**

O software Toyota® 2015 é específico para os dispositivos AD100 Pro e MVP Pro e permite programar chaves com cana metálica e chaves de proximidade.

Não é necessário nenhum código pin ou chave que funcione.

A atualização do software pode não estar disponível em todos os mercados e países: contacte o seu distribuidor local ou o seu agente de referência para mais informações.

### MVP Pro Customers

MVP Pro customers will receive this software FREE of charge. Please update your tester to Version 12.04 BETA. / I clienti che possiedono MVP Pro riceveranno l'aggiornamento software gratuitamente. È necessario aggiornare il dispositivo alla versione software 12.04 BETA. / Die Kunden die schon über MVP Pro verfügen bekommen die Aktualisierung der Software kostenfrei. # New Software Release ADS227 - Toyota® 2015 (USA)

## For vehicles in North America

AD ADVANCED DIAGNOSTICS

**- Please update your programmer to Version 12.04 BETA.**
**The use of the following is required:**
**- Cable: ADC250 or ADC151**
**- Dongle: A or Smart Dongle**
**- Software category: A**
**- Other software required: ADS199**
**- Smartcard: yes or Smart Dongle**

Subaru BRZ does not support “immobilizer reset”. Duplicates only if NO programmed key is available.

**- È necessario aggiornare il dispositivo alla versione software 12.04 BETA.**
**È richiesto l’utilizzo dei seguenti:**
**- Cavo: ADC250 o ADC151**
**- Dongle: A o Smart Dongle**
**- Categoria software: A**
**- Altri software richiesti: ADS199**
**- Smartcard: sì o Smart Dongle**

Subaru BRZ non supporta la funzione di reset dell’immobilizer. È possibile duplicare la chiave solo se NON è disponibile una chiave già programmata.

**- Das Gerät muss auf die Version Software 12.04 BETA aktualisiert werden.**
**Es sind folgende Komponente erforderlich:**
**- Kabel: ADC250 oder ADC151**
**- Dongle: A oder Smart Dongle**
**- Kategorie der Software: A**
**- Weitere erforderliche Software: ADS199**
**- Smartcard: ja oder Smart Dongle**

Subaru BRZ unterstützt den Reset des Immbobilizer nicht. Der Schlüssel kann nur dann kopiert werden, wenn KEIN programmierter Schlüssel verfügbar ist.

**- Il faut mettre le dispositif à jour avec la version logiciel 12.04 BETA.**
**Eléments indispensables:**
**- Câble: ADC250 ou ADC151**
**- Dongle: Smart Dongle**
**- Catégorie du logiciel: A**
**- Autres logiciels requis: ADS162**
**- Smartcard: oui ou Smart Dongle**

Subaru BRZ ne seconde pas la fonction reset de l’anti-démarrage. Il n’est possible de reproduire la clé QUE si on dispose d’une clé déjà programmée.

**- Se ha de actualizar el dispositivo para la versión 12.04 BETA del software.**
**Se requiere el uso de los siguientes:**
**- Cable: ADC250 o ADC151**
**- Dongle: A o Smart Dongle**
**- Categoría del software: A**
**- Otros softwares requeridos: ADS199**
**- Smartcard: sí o Smart Dongle**

Subaru BRZ no soporta la función de reset del immobilizer. Se puede duplicar la llave únicamente si NO existe una llave programada anteriormente.

**- É necessário atualizar o dispositivo à versão de software 12.04 BETA.**
**É exigida a utilização dos seguintes:**
**- Cabo: ADC250 o ADC151**
**- Dongle: A ou Smart Dongle**
**- Categoria software: A**
**- Outros softwares solicitados: ADS199**
**- Smartcard: sim ou Smart Dongle**

Subaru BRZ não suporta a função de reset do sistema de imobilização. É possível duplicar a chave só se NÃO estiver disponível uma chave já programada.

# New Software Release ADS229 - PSA PINCODE READ

## For Peugeot® and Citroën® Vehicle (excluding North America)

**Advanced Diagnostics are pleased to announce the release of ADS229 PSA PINCODE Read software for various Peugeot® and Citroën® vehicles found worldwide (excluding North America).**

Please refer to the application list below for the models covered by this software or refer to the IQ database.
This software does NOT cover Johnson Controls equipped vehicles at present.

The PIN read process takes less than 60 seconds to complete - and bladed and Proximity keys are covered.
A working key is NOT required to read the PINCODE.

Please note: during the pin reading process, it is possible that the wipers on the vehicle may be activated.

MVP Pro Customers will receive this software FREE of charge.

AD Software described in this release may not be applicable to all markets and countries: please consult with your local distributor or sales rep for further information.

**Advanced Diagnostics ha rilasciato il nuovo software ADS229 per la lettura dei codici pin PSA per numerosi modelli Peugeot® e Citroën® diffusi a livello internazionale (sono esclusi i veicoli del mercato nordamericano).**

Vedi la lista dei veicoli riconosciuti dal nuovo software nella tabella a seguito o su IQ nel sito di Advanced Diagnostics.
Al momento il software NON copre i veicoli dotati di sistemi di controllo Johnson Controls, ma permette di duplicare sia chiavi dotate di canna metallica che chiavi di prossimità.

Il processo di lettura del codice pin richiede meno di 60 secondi.
NON è richiesta una chiave funzionante per leggere il codice pin.

Nota importante: In alcuni casi, è necessario attivare i tergicristalli del veicolo durante la lettura del codice pin.

I clienti che possiedono MVP Pro riceveranno l'aggiornamento software gratuitamente.

L'aggiornamento software può non essere disponibile in tutti i mercati e paesi: contatta il tuo distributore locale o il tuo agente di riferimento per ulteriori informazioni.

**Advanced Diagnostics freut sich die Version ADS229: PSA PINCODE Read Software für verschiedene weltweite Peugeot® und Citroen® Fahrzeuge (ausgenommen Nordamerika) ankündigen zu dürfen.**

Bitte schauen Sie in die beiliegende Referenztabelle welche Modelle von dieser Software abgedeckt sind, bzw. schauen Sie bitte in die iQ Datenbank. Die Software deckt zum jetzigen Zeitpunkt KEINE Fahrzeuge ab die mit Komponenten von Johnson Controls ausgestattet sind.

Der Prozess um den Pin auszulesen dauert weniger als 60 Sekunden – und deckt mechanische und elektronische (Keyless) Schlüssel ab.
Es ist kein funktionierender Schlüssel notwendig, um den Pincode auszulesen.

Bitte beachten: Während des Pin-Lese-Prozesses kann es sein, dass die Scheibenwischer des Fahrzeugs aktiviert werden.

MVPPro Kunden werden die Software KOSTELOS zur Verfügung gestellt bekommen.

Möglicherweise ist die Aktualisierung der Software nicht für alle Märkte und Länder erhältlich: wenden Sie sich an Ihren lokalen Distributor oder an Ihren Händler für weitere Infos.

# New Software Release ADS229 - PSA PINCODE READ

## For Peugeot® and Citroën® Vehicle (excluding North America)

**Advanced Diagnostics a publié le nouveau software ADS229 pour la lecture des codes pin PSA pour de nombreux modèles Peugeot® et Citroën® distribués sur le Marché International (sont exclus les véhicules du Marché Nord-Américain).**

Vous pouvez consulter la liste des véhicules reconnus par le nouveau software dans le tableau ci-dessous ou avec IQ sur le Site Web de Advanced Diagnostics.

Actuellement le software n'inclue pas les véhicules dotés de systèmes de contrôle Johnson Controls, mais permet de copier les clés composées de canne métallique que clés de proximity.

Le procès de lecture du code Pin demande moins de 60 secondes.
Il n'est pas nécessaire avoir une clé fonctionnelle pour lire le code pin.

Important: dans certains cas , il est nécessaire allumer les essuies-glace du véhicule durant la lecture du code pin.

Les clients qui possèdent MVP Pro, recevront gratuitement une mise à jour du software.

La mise à jour du logiciel ne peut être disponible sur tous les marchés et tous les pays: veuillez contacter votre distributeur local ou votre agent référentiel pour de plus amples informations.

**AD se complace en anunciarle el lanzamiento del nuevo software ADS229 LECTOR PINCODE PSA. Cubriendo parte de la gama Peugeot® y Citroën® fabricada en todo el mundo (Excluyendo Norte América).**

Puede dirigirse a la lista de aplicaciones o a la base de datos IQ para comprobar la cobertura proporcionada por el software. El software no cubre la lectura de códigos PIN en vehículos equipados con unidades Johnson Controls hasta el presente.

El proceso de lectura del PIN tarda menos de 60 segundos hasta completar el procedimiento de lectura y es válido tanto para llaves de espadín como sistemas proximidad.
No es necesario tener llaves arrancando para la lectura del PIN CODE.

Tenga en cuenta: Durante el proceso de lectura de PIN CODE es posible que los limpiaparabrisas se activen.

Los propietarios de MVP Pro podrán descargarse el nuevo software de forma gratuita.

La actualización del software no está disponible en todos los mercados y países: contacta a tu distribuidor local o a tu agente de referencia para obtener información adicional.

# SILCA KEY PROGRAMS
## New Functions
## SKP Vers. 20.6.4.xx

New items include: / Tra le novità: / Unter den Neuheiten: / Parmi les nouveautés: / Entre las novedades: / Entre as novidades:

### - Decoding for SN 823, 850 and 860 (Renault® (Clio III), Peugeot®, Citroën® and Toyota® car keys).

**- SMART decoding for KESO® 1000-2000-4000-CASA systems. The new decoding recognises the real key cuts and ignores "PRE-CUTS" (cuts by manufacturer).**

- New "banner" function for viewing important messages or receiving communications directly from the Silca website (connect PC to the internet).

- New function for searches by KEY BLANK: when at least 3 characters plus the "*" character are entered the search shows all the series that use a key blank starting with those characters. E.g. when "GT1*" is entered the function will find all the series that use a key blank starting with GT1.... This function is available also in searches by key blank in the Silca Transponder Program.

- If you run SKP MARKET/STOCK the key blanks included in these groups will be colour highlighted also in the search window.

- Comparatives refreshed.

- F9 function included for reading bar codes in the Kaba® ExperT pluS systems.

### - Decodifica per i SN 823, 850 e 860 (chiavi auto Renault® (Clio III), Peugeot®, Citroën® e Toyota®).

**- Decodifica SMART per i sistemi KESO® 1000-2000-4000-CASA. La nuova decodifica riconosce le cifrature reali della chiave e ignora i "PRE-CUT" (cifrature di fabbrica).**

- Nuova funzione "banner" per visualizzare messaggi importanti oppure per ricevere comunicazioni direttamente dal sito WEB Silca (il PC deve essere collegato ad Internet).

- Nuova funzione di ricerca per ARTICOLO: digitando almeno 3 caratteri più il carattere "*", la ricerca propone tutte le serie che utilizzano un articolo che inizia per i caratteri digitati. Ad esempio digitando "GT1*", la funzione troverà tutte le serie che utilizzano un articolo che inizia per GT1…. Tale funzione è disponibile anche nella ricerca per articolo nel Silca Transponder Program.

- Se si utilizza la gestione dei MERCATI/MAGAZZINI di SKP, gli articoli inclusi in questi insiemi saranno evidenziati con un colore anche nella finestra delle ricerche.

- Aggiornati i comparativi.

- Inserita funzione F9 per la lettura codici a barre dei sistemi Kaba® ExperT pluS.

### - Decodierung für SN 823, 850 und 860 (Autoschlüssel Renault® (Clio III), Peugeot®, Citroën® und Toyota®).

**- Decodierung SMART für die Systeme KESO® 1000-2000-4000-CASA. Die neue Decodierung erkennt die richtigen Fräsungen der Schlüssel und ignoriert die "PRE-CUT" (Werksfräsungen).**

- Neue "Banner"-Funktion zur Anzeige von wichtigen Nachrichten oder um Nachrichten direkt von der WEB-Seite Silca zu bekommen (PC muss mit Internet verbunden sein).

- Neue Suchfunktion nach ARTIKEL: mindestens 3 Buchstaben plus das Zeichen "*" eingeben, die Suche zeigt alle Serien an, die einen Artikel verwenden, der mit den eingegebenen Buchstaben beginnt. Wenn Sie z.B. "GT1*" eingeben, findet die Funktion alle Serien die einen Artikel verwenden, der mit GT1 beginnt…. Diese Funktion ist auch für die Suche nach Artikel im Silca Transponder Programm verfügbar.

- Verwenden Sie die Verwaltung der MÄRKTE/LAGER von SKP, so werden die Artikel, dieser Sätze auch im Suchfenster farbig markiert.

- Vergleichsartikel aktualisiert.

- Funktion F9 für das Lesen der Barcode der Systeme Kaba® ExperT pluS eingefügt.

### - Décodage pour les SN 823, 850 et 860 (clés auto Renault® (Clio III), Peugeot®, Citroën® et Toyota®).

**- Décodage SMART pour les systèmes KESO® 1000-2000-4000-CASA. Le nouveau décodage identifie les taillages réels de la clé et ignore les pré-perçages (taillés en usine).**

- Nouvelle fonction "banner" pour visualiser les messages importants ou recevoir des communications directement du site WEB Silca (le PC doit être raccordé à Internet).

- Nouvelle fonction de recherche par ARTICLE: saisir au moins 3 caractères plus le caractère "*",pour obtenir toutes les séries qui utilisent un article commençant par les caractères entrés. En tapant "GT1*" par exemple, la fonction trouvera toutes les séries utilisant un article commençant par GT1…. Cette fonction est disponible dans la recherche par article dans Silca Transponder Program aussi.

- Si vous utilisez la gestion des MARCHES/MAGAZINS SKP, les articles inclus dans ces ensembles seront surlignés en couleur dans la fenêtre "Rechercher" aussi.

- Comparatifs mis à jour.

- La fonction F9 pour lire les codes barre des systèmes Kaba® ExperT pluS a été insérée.

## New Functions
## SKP Vers. 20.6.4.xx

### - Decodificación para SN 823, 850 y 860 (llaves para coches Renault® (Clio III), Peugeot®, Citroën® y Toyota®).

**- Decodificación SMART para los sistemas KESO® 1000-2000-4000-CASA. La nueva decodificación reconoce los cortes de la llave e ignora los "PRE-CUT" (cortes de fábrica).**

- Nueva función "banner" para visualizar mensajes importantes o para recibir comunicaciones directamente desde el sitio WEB Silca (el PC ha de estar conectado a Internet).

- Nueva función de búsqueda por ARTÍCULO: al teclear al menos 3 caracteres más el carácter "*", la búsqueda propone todas las series que usan un artículo que empieza por los caracteres tecleados. Por ejemplo, si tecleamos "GT1*", la función encontrará todas las series que usan un artículo que empieza por GT1…. Dicha función existe también en la búsqueda por artículo en el Silca Transponder Program.

- Si se usa la gestión de los MERCADOS/ALMACENES de SKP, los artículos incluidos en estos conjuntos se resaltarán con un color también en la ventana de búsquedas.

- Comparativos actualizados.

- Función F9 activada para la lectura de los códigos de barras de los sistemas Kaba® ExperT pluS.

### - Descodificação para os SN 823, 850 e 860 (chaves carro Renault® (Clio III), Peugeot®, Citroën® e Toyota®).

**- Descodificação SMART para os sistemas KESO® 1000-2000-4000-CASA. A nova descodificação reconhece os cortes reais da chave e ignora os "PRE-CUT" (cortes de fábrica).**

- Nova função "banner" para visualizar mensagens importantes ou para receber comunicações directamente do site WEB Silca (o PC deve estar ligado à Internet).

- Nova função de pesquisa por ARTIGO: digitando pelo menos 3 caracteres mais o caracter "*",a pesquisa propõe todas as séries que utilizam um artigo que começa pelos caracteres digitados. Por exemplo, digitando "GT1*", a função encontrará todas as séries que utilizam um artigo que começa por GT1…. Essa função também está disponível na pesquisa por artigo no Silca Transponder Program.

- Utilizando a gestão dos MERCADOS/ARMAZÉNS de SKP, os artigos incluídos nesses conjuntos serão evidenciados por uma cor também na janela das pesquisas.

- Atualizados os comparativos.

- Inserida função F9 para a leitura de códigos de barras dos sistemas Kaba® ExperT pluS.

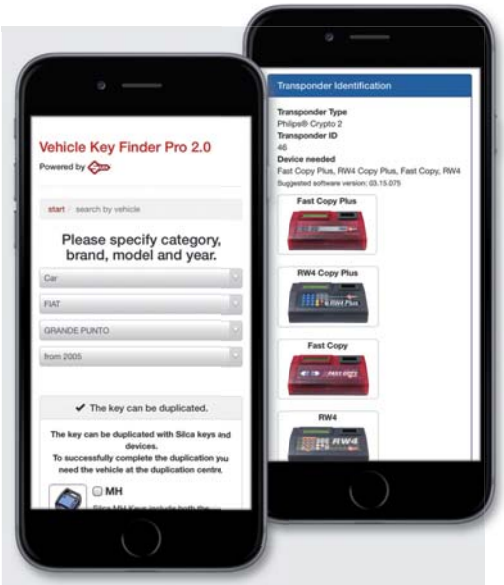
## Vehicle Key Finder Pro 2.0



Available only on MySilca app

MySilca

**This tool has been designed to facilitate your search of automotive keys starting from either a Silca reference or a vehicle make and model.** VKF Pro provides you with all the information necessary to copy a vehicle key, such as what transponder and cloning device you need, what key machines you can use to cut the blade, and with the aid of what clamps and software cards.

**Questo strumento è pensato per semplificare la tua ricerca di chiavi automotive a partire da una referenza Silca o dalla marca e dal modello di un veicolo.** VKF Pro fornisce tutte le informazioni necessarie a copiare una chiave veicolo, come quale transponder e dispositivo di clonazione utilizzare, quale duplicatrice scegliere per cifrare la canna della chiave e con l'ausilio di quali morsetti e schede software.

**Dieses Tool vereinfacht Ihre Suche des Fahrzeugschlüssels durch eine Silca-Referenz oder die Fahrzeugmarke und Modell.** VKF Pro liefert alle zum Schlüssel-Kopieren erforderlichen Informationen, z.B. welchen Transponder und welches Gerät Sie verwenden sollten, welche Kopiermaschine eignet sich besser für den Einschnitt von der Schlüsselstange und mit welchen Klemmen und Softwarekarten.

**Cet outil a été conçu pour faciliter votre recherche de clés automobiles à partir d'une référence Silca ou d'une marque et d'un modèle de véhicule.** VKF Pro vous donne toutes les informations nécessaires à la reproduction d'une clé de véhicule, telles que le type de transpondeur et l'appareil de reproduction dont vous avez besoin, les machines que vous pouvez utiliser pour tailler une lame et les serrages et logiciels qui peuvent vous aider.

**Esta herramienta ha sido diseñada para facilitar la búsqueda de llaves de coche ya sea utilizando la referencia Silca o marca y modelo del coche.** VKF Pro, disponible exclusivamente en MySilca, te proporciona toda la información necesaria para copiar una llave de coche, tal como el transponder, dispositivo de clonación, duplicadora de llaves para cortar el perfil, mordazas y fichas a utilizar.

**Este instrumento é pensado para simplificar a pesquisa de chaves automóveis a partir de uma referência Silca ou da marca e do modelo de um veículo.** VKF Pro fornece todas as informações necessárias para copiar uma chave de veículo, como qual transponder e qual dispositivo de clonação utilizar, qual máquina duplicadora escolher para cortar a cana da chave e com o auxílio de quais mordentes e fichas software.

## SILCA FUTURA PROGRAM
### Data Update with new functions

**Software Vers. 2.12.0 - db 1.28**
**App Vers. 1.19**

### New Functions

- New **"Transponder Guide"** function accessible from the Search menu. This function contains all the transponder key copying solutions provided by Silca.
- Use of Silca Remote Service (SRS) Version 1.0.38.5** to register your Futura machine on the Silca server.
- Use of Silca Remote Service (SRS) Version 1.0.38.5** to update your Futura machine in one of the ways described below:
  - **Quick update** (saves time as only the files needed for updating are downloaded onto a blank FAT32 format USB PEN)
  - **Total update (all the files related to updating are downloaded onto a blank FAT32 format USB PEN)**

**** The program can be downloaded from the Silca website www.silca.biz; select the Products menu -> Silca Key Programs -> SKP Forms -> Silca Remote Service**

**Remember to update** the Silca.apk and SilcaKeyboard.apk after installing the Software update (see the on board Instructions Manual – Ch 7.3 APP UPDATE (apk)).

### Nuove Funzioni

- Nuova funzione **"Guida Trasponder"** accessibile dal menù Ricerche. Questa funzione raccoglie tutte le soluzioni di copia chiavi trasponder proposte da Silca.
- Utilizzando il Silca Remote Service (SRS) Versione 1.0.38.5** è possibile registrare la macchina Futura nel server Silca.
- Utilizzando il Silca Remote Service (SRS) Versione 1.0.38.5** è possibile aggiornare la macchina Futura nei seguenti modi:
  - **Aggiornamento veloce** (permetterà di risparmiare tempo in quanto verranno scaricati nella USB PEN vuota e in formato FAT32 solo i file necessari per l'aggiornamento)
  - **Aggiornamento totale (verranno scaricati nella USB PEN vuota e in Formato FAT32 tutti i file relativi all'aggiornamento)**

**** Il programma è scaricabile dal sito Silca www.silca.biz, selezionando il menù Prodotti -> Silca Key Programs -> SKP Moduli -> Silca Remote Service**

**Ricordarsi di aggiornare** il Silca.apk e SilcaKeyboard.apk dopo l'installazione dell'aggiornamento (vedi le istruzioni nel Manuale D'uso – Capitolo 7.3 AGGIORNAMENTO APP (apk)).

# SILCA FUTURA PROGRAM
## Data Update with new functions

**Software Vers. 2.12.0 - db 1.28**
**App Vers. 1.19**

### Neue Funktionen

- Neue Funktion **"Transponder Leitlinien"** aufrufbar über das Menü Suchen. Mit dieser Funktion finden Sie alle von Silca vorgeschlagenenen Lösungen zum Schlüsselkopieren.
- Mit dem Programm Silca Remote Service (SRS) Version 1.0.38.5** können Sie die Maschine Futura registrieren, wenn sie noch nicht im Silca-Server registriert ist.
- Mit dem Programm Silca Remote Service (SRS) Version 1.0.38.5** können Sie die Maschine Future folgenderweise aktualisieren:
  - **Schnelles Update** (Sie sparen Zeit, weil nur die für das Update erforderlichen Dateien im leeren USB-Stick im Format FAT32 heruntergeladen werden)
  - **Komplettes Update (im leeren USB-Stick werden alle das Update betreffenden Dateien im Format FAT32 heruntergeladen)**

**** Sie können das Programm von der Webseite Silca www.silca.biz herunterladen, indem Sie das Menü Produkte -> Silca Key Programs -> SKP Module -> Silca Remote Service aufrufen.**

**Behebt Probleme, die beim Software-Update der Maschine** über das Tablet entstehen können. Für mehr Details lesen sie bitte die Bedienungsanleitung. (Kapitel 7.3 AKTUALISIERUNG APP (Silca.apk)).

### Nouvelles Fonctions

- Nouvelle fonction **"Guide Transpondeur"** accessible dans le menu Rechercher. Cette fonction rassemble toutes les solutions de copie de clés avec transpondeur proposées par Silca.
- Notre Silca Remote Service (SRS) Version 1.0.38.5** vous permettra d'enregistrer la machine Futura si vous ne l'avez pas encore enregistrée dans le serveur Silca.
- Notre Silca Remote Service (SRS) Version 1.0.38.5** vous permettra de mettre la machine Futura à jour comme suit:
  - **Mise à jour rapide** (qui vous permettra de gagner du temps étant donné que seuls les fichiers indispensables pour la mise à jour seront téléchargés dans l'USB PEN vide en format FAT32)
  - **Mise à jour globale (tous les fichiers de la mise à jour seront téléchargés dans le Format FAT32 dans l'USB PEN vide)**

**** Le programme est téléchargeable sur notre site Silca www.silca.biz dans le menu Produits -> Silca Key Programs -> SKP Modules -> Silca Remote Service**

**N'oubliez pas de mettre à jour** Silca.apk et Silca Keyboard.apk après avoir installé la mise à jour du logiciel (voir le Manuel d'instructions – Ch.7.3 MISE A JOUR APP (apk)).

### Nuevas Funciones

- Nueva función **"Guía Trasponder"** accesible desde el menú Búsquedas. Esta función contiene todas las soluciones para la copia de llaves transponder propuestas por Silca.
- Al usar el Silca Remote Service (SRS) en la Versión 1.0.38.5** se puede registrar la máquina Futura en el servidor Silca.
- Al usar el Silca Remote Service (SRS) en la Versión 1.0.38.5** se puede actualizar la máquina Futura en los siguientes modos:
  - **Actualización rápida** (permite ahorrar tiempo al descargar solamente los archivos necesarios para la actualización en el lápiz USB vacío en el formato FAT32)
  - **Actualización total (se descargan todos los archivos para la actualización en el lápiz USB vacío en el formato FAT32)**

**** El programa se descarga en el sitio web de Silca www.silca.biz al seleccionar el menú Productos -> Silca Key Programs -> SKP Módulos -> Silca Remote Service**

**No olvidar actualizar** Silca.apk y SilcaKeyboard.apk después de instalar la versión actualizada del programa (ver indicaciones a bordo máquina integradas en el Manual – Ch 7.3 ACTUALIZACIÓN APP (apk)).

### Novas Funções

- Nova função **"Guia Trasponder"** à qual se pode ter acesso do menu Pesquisas. Esta função reúne todas as soluções de cópia de chaves transponder propostas pela Silca.
- Utilizando o Silca Remote Service (SRS) Versão 1.0.38.5** é possível registrar a máquina Futura no servidor Silca.
- Utilizando o Silca Remote Service (SRS) Versão 1.0.38.5** é possível actualizar a máquina Futura das seguintes maneiras:
  - **Atualização rápida** (permitirá poupar tempo uma vez que será feito o download para a pen USB vazia e em formato FAT32 somente dos ficheiros necessários para a atualização)
  - **Atualização total (será feito o download para a pen USB vazia e em Formato FAT 32 de todos os ficheiros relativos à atualização)**

**** O programa pode ser descarregado do site Silca www.silca.biz, seleccionando o menu Produtos -> Silca Key Programs -> SKP Módulos -> Silca Remote Service**

**Lembrar de atualizar** o Silca.apk e a SilcaKeyboard.apk após a instalação da atualização (ver as instruções no Manual de Utilização – Capítulo 7.3 ATUALIZAÇÃO APP (apk).

# Futura Automotive

## FUTURA AUTOMOTIVE

### *Put in motion the future of your vehicle key business*

**Futura Automotive is the new electronic key machine for cutting flat and laser vehicle keys.**

// Integrated tablet with dedicated automotive key database covering over 90% of vehicle models currently available worldwide.

// Dedicated kit of accessories for duplicating vehicle keys.

// Optimized double cutting station (resistant to wear cutters, optical reader, copy by original function, decoding by electric contact, clamp with interchangeable jaws, automatic calibration).

// Color-changing led light of the working area for an immediate process control.

// Compact and easy to carry: perfect for small-sized shops and vans.

// Modern, clean-cut lines, neat-looking design, select components and first-rate materials.

## FUTURA AUTOMOTIVE

### *Metti in moto il futuro del tuo servizio chiavi veicolo*

**Futura Automotive è la nuova macchina duplicatrice elettronica per chiavi veicolo a cifratura piana e laser.**

// Tablet integrato con database dedicato alle chiavi automotive con una copertura di oltre il 90% dei veicoli in circolazione nel mondo.

// Kit di accessori dedicato alla duplicazione di chiavi veicolo.

// Due stazioni per un taglio chiavi ottimizzato (frese resistenti all'usura, lettore ottico, copia da originale, decodifica tramite contatto elettrico, morsetto con ganasce intercambiabili, calibrazione automatica).

// Luci a led che cambiano colore per un controllo del lavoro immediato.

// Compatta e facile da trasportare: perfetta per negozi di piccole dimensioni e furgoni.

// Design moderno, finiture curate nei minimi dettagli, componenti selezionati e materiali di prima qualità.

## FUTURA AUTOMOTIVE

### *Das Geschäft mit der Fahrzeugschlüsselvervielfältigung hat großes Wachstumspotenzial*

**Futura Automotive ist die neue elektronische Schlüsselfräsmaschine für Fahrzeug Flach- und Bahnenschlüsseln.**

// Integriertes Tablet mit spezieller Fahrzeugschlüssel-Datenbank, die über 90% der weltweiten Fahrzeugmodelle abdeckt.

// Standardzubehör für das Kopieren von Fahrzeugschlüsseln.

// Optimierte Doppelfunktion (verschleißarme Fräser, optischer Laser, Funktion "Kopie vom Original", Decodierung durch elektrischen Kontakt, automatische Kalibrierung, Spannbacke mit austauschbaren Adaptern).

// LED-Licht mit wechselnder Farbe für eine sofortige Kontrolle des Schneidvorgangs.

// Kompakt und leicht zu transportieren: perfekt für kleine Geschäfte und Servicefahrzeuge.

// Modernes Design, ausgewählte Komponenten und erstklassige Materialen.

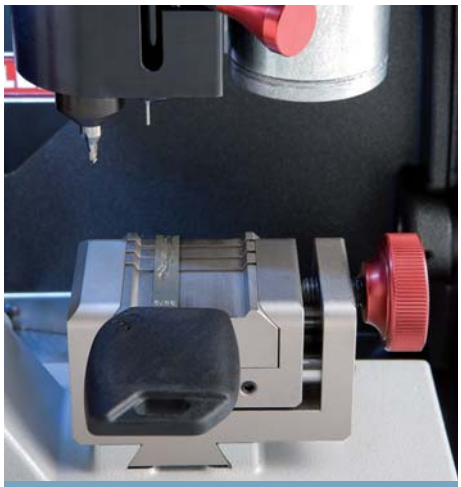
Tablet-integrated automotive key database

Flat key cutting station with fast-rotating clamp



Laser key cutting station with interchangeable jaws

## FUTURA AUTOMOTIVE

### *Démarrez votre activité de reproduction de clés de véhicules*

**Futura Automotive est la nouvelle machine à tailler les clés électronique pour les clés de véhicules plates et à vagues (laser).**

// Tablette intégrée avec base de données de clés automobiles, couvrant plus de 90% des modèles de véhicules disponibles dans le monde.

// Kit d'accessoires dédiées à la reproduction de clés de véhicules.

// Deux postes de découpe optimisés (fraises résistantes, lecteur optique, copie par fonction d'origine, décodage par contact électrique, étau avec mâchoires interchangeables, calibrage automatique).

// Voyant LED qui change de couleur, permettant la surveillance des processus en temps réel.

// Compacte et facile à transporter: parfaite pour les petits ateliers et les camions.

// Design moderne, composants intelligents, matériaux haut de gamme et technologies de pointe.

## FUTURA AUTOMOTIVE

### *Ponga en marcha el futuro de su negocio de llaves de automoción*

**Futura Automotive es la nueva duplicadora electrónica para hacer copias de llaves de vehículos planas y de regata.**

// Tableta integrada con base de datos de llaves de automoción que abarca el 90% de los modelos de vehículos disponibles en todo el mundo.

// Kit de accesorios dedicados a la duplicación de llaves de vehículos.

// Estación de corte doble optimizada (fresas resistentes al desgaste, lector óptico, duplicado del original, descodifica por contacto eléctrico, mordaza con quijadas intercambiables, calibración automática).

// Lámpara LED que cambia de color para un control del proceso inmediato.

// Compacta y fácil de transportar: perfecta para tiendas de dimensiones pequeñas y furgonetas.

// Diseño moderno y pulcro, componentes selectos, materiales de primera calidad y tecnologías avanzadas.

## FUTURA AUTOMOTIVE

### *Ponha em movimento o futuro do seu serviço de chaves para veículo*

**Futura Automotive é a nova máquina duplicadora eletrônica para chaves de veículo de corte plano e laser.**

// Tablet integrado com base de dados chaves para veículo que abrange mais de 90% dos veículos em circulação no mundo.

// Kit dos acessórios dedicados à duplicação de chaves de veículo.

// Duas estações para um corte chaves optimizado (fresas resistentes, leitor óptico, cópia de original, descodifica através de contacto eléctrico, mordente com garras trocáveis, calibragem automática).

// Luzes led que mudam de cor para um controlo imediato do trabalho.

// Compacta e fácil de transportar: perfeita para lojas de pequenas dimensões.

// Design moderno, acabamentos cuidados nos mínimos detalhes e materiais de primeira qualidade.

## SILCA FUTURA PROGRAM
### Data Update with new systems

**Software Vers. 2.13.0 - db 1.29**
**App Vers. 1.21**

Futura

**Data update with new systems / Aggiornamento dati con nuovi sistemi / Daten- aktualisierung mit neuen Systemen / Mise à jour des données avec nouveaux systèmes / Actualización de datos con sistemas nuevos / Atualização de dados com novos sistemas**

- **Bommer®**
- **Corbin®** Corbin TWO (6P)
- **Tokai Rika®** Subaru Emergency Key (2T-4W)
- **Tokoz®** Tokoz-TE01
- **Union®** Union EG

## SILCA FUTURA PROGRAM
### Data Update with new functions

**Software Vers. 2.13.0 - db 1.29**
**App Vers. 1.21**

### New Functions

- As an alternative to a tablet -> machine Wi-Fi connection, a USB connection can be used with the cable provided. To activate this connection **enable the Android "Tethering USB" function** from the Settings menu on the Android tablet.
- The Futura machine can be registered through any browser, at the web address: **https://www.silcawebsw.biz/futura/reg/index.html.**
- Silca **periodically distributes Software and Data updates** for Futura. A message will occasionally notify you to check for new updates using one of the connection modes available (see menu Options -> Updates).

### Nuove Funzioni

- Come alternativa alla connessione tablet -> macchina via Wi-Fi, è possibile utilizzare la **connessione via cavo USB** in dotazione alla macchina. Per attivare questa connessione, **abilitare la funzione Android "Tethering USB"** dal menù Impostazioni del tablet Android.
- Possibilità di registrare la macchina Futura tramite un browser qualsiasi al seguente indirizzo web: **https://www.silcawebsw.biz/futura/reg/index.html.**
- Silca **distribuisce periodicamente aggiornamenti** Software e Dati per Futura. Un messaggio ti avviserà periodicamente di verificare la presenza di nuovi aggiornamenti utilizzando una delle modalità di connessione disponibili (vedi menu Opzioni -> Aggiornamenti).

**Remember to update** the Silca.apk and SilcaKeyboard.apk after installing the Software update (see the on board Instructions Manual – Ch 7.3 APP UPDATE (apk)).

**Ricordarsi di aggiornare** il Silca.apk e SilcaKeyboard.apk dopo l'installazione dell'aggiornamento (vedi le istruzioni nel Manuale D'uso – Capitolo 7.3 AGGIORNAMENTO APP (apk)).

® are registered trademarks. / sono marchi registrati. / sind eingetragene Marken. / sont des marques déposées. / son marcas registradas. / são marcas registradas.

# SILCA FUTURA PROGRAM
## Data Update with new functions

**Software Vers. 2.13.0 - db 1.29**
**App Vers. 1.21**

### Neuen Funktionen

- Als Alternative zu einem Tablet -> Maschine WLAN-Verbindung kann eine **USB-Verbindung** mit dem mitgelieferten Kabel genutzt werden. Um diese Verbindung zu **aktivieren wählen Sie die "Tethering USB" Funktion** in den Einstellungen im Android Tablet aus.
- Die Futura Maschine kann über jeden Browser registriert werden, unter der Web-Adresse: **https://www.silcawebsw.biz/futura/reg/index.html.**
- Silca **veröffentlich regelmäßig optionale Software- und Datenupdates** für die Futura. Eine Mitteilung wird Sie darüber informieren, damit Sie Ihre Software nach neuen Aktualisierungen überprüfen können (siehe Menü Optionen -> Updates).

**Behebt Probleme, die beim Software-Update der Maschine** über das Tablet entstehen können. Für mehr Details lesen sie bitte die Bedienungsanleitung. (Kapitel 7.3 AKTUALISIERUNG APP (Silca.apk)).

### Nouvelles Fonctions

- En alternative à une connexion Wi-Fi tablette -> machine, une connexion USB peut être utilisée avec le câble prévu à cet effet. Pour mettre en place cette connexion, **activez la fonction Android «Modem USB»** dans le menu des Paramètres sur la tablette Android.
- La machine Futura peut être enregistrée avec n'importe quel navigateur, à l'adresse web: **https://www.silcawebsw.biz/futura/reg/index.html.**
- Silca **diffuse périodiquement des mises à jour** de Logiciel et de données pour Futura. Un message vous informera de temps à autre de la disponibilité de nouvelles mises à jour via l'un des modes de connexion disponibles (cf. menu Options -> Mises à jour).

**N'oubliez pas de mettre à jour** Silca.apk et Silca Keyboard.apk après avoir installé la mise à jour du logiciel (voir le Manuel d'instructions – Ch.7.3 MISE A JOUR APP (apk)).

### Nuevas Funciones

- Como una alternativa a la conexión tablet -> máquina por Wi-Fi, también se podrá realizar una conexión **usando el cable USB** presente en el equipamiento. Para activar esta conexión se debe **habilitar la fu ción "Tethering USB"** en el menú Ajustes en la Tablet Android.
- La máquina Futura se podrá registrar usando cualquier navegador, en la siguiente dirección: **https://www.silcawebsw.biz/futura/reg/index.html.**
- **Periódicamente Silca distribuye actualizaciones** de software y datos para la Futura. Un mensaje notificará ocasionalmente para que verifiquen por nuevas actualizaciones usando uno de los modos de conexión disponibles (ver menú Opciones -> Actualizaciones).

**No olvidar actualizar** Silca.apk y SilcaKeyboard.apk después de instalar la versión actualizada del programa (ver indicaciones a bordo máquina integradas en el Manual – Ch 7.3 ACTUALIZACIÓN APP (apk)).

### Novas Funções

- Como alternativa à ligação tablet -> máquina via Wi-Fi, é possível utilizar a **ligação via cabo USB** entregue com a máquina. Para activar esta ligação, **habilitar a função Android "Tethering USB"** do menu Programações do tablet Android.
- Possibilidade de registar a máquina Futura através de um browser qualquer ao seguinte endereço: **https://www.silcawebsw.biz/futura/reg/index.html.**
- A Silca **distribui periodicamente actualizações** Software e Dados para Futura. Uma mensagem vai avisar periodicamente o utilizador para que verifique a presença de novas actualizações utilizando uma das modalidades de ligação disponíveis (ver o menu Opções -> Actualizações).

**Lembrar de atualizar** o Silca.apk e a SilcaKeyboard.apk após a instalação da atualização (ver as instruções no Manual de Utilização – Capítulo 7.3 ATUALIZAÇÃO APP (apk).

MLA EXPO 15
MASTER LOCKSMITHS ASSOCIATION

**MLA Expo 2015**

in Telford - The International Centre
UNITED KINGDOM

## The UK's largest exhibition trade show for the locksmithing and security industry

Silca and its distributor Aldridge Security have attended this year's edition of MLA Expo, the trade show for locksmiths, key cutters and professionals of the security industry organised by the Master Locksmiths Association.
Visitors of the booth appreciated and tested first-hand the products exhibited, showing particular interest in the cutting-edge solutions offered by Silca and Advanced Diagnostics for the automotive key duplication and programming business. The display was so successful that it received the award for the best stand of the expo.

**Check out our website for more photos of the event.**

# Token Solution

**Silca introduces a brand new way of working that is smart, flexible, and cost-effective. Discover the many advatanges of opting for a “pay per use” solution!**

## TOKEN SOLUTION

***The flexible option for a successful key cutting business***

**A number of electronic key cutting machines and devices from Silca are now available with the “pay as you go” formula, i.e. can be used with deductible digital tokens.**

Discover the many advantages of this solution:

// Significant reduction of the start-up cost.

// Payment for the actual use of the machine or device.

// Custom-tailored and flexible investment.

// Free software updates.

// Exclusive free trial period.

// Cost-effective planning of your token consumption.

// Extra Token advanced by Silca when you run out of tokens.

// Free to opt out of the Token Solution and move to full mode at any time.

## SOLUZIONE TOKEN

***La soluzione flessibile per un servizio chiavi di successo***

**Una serie di macchine duplicatrici e dispositivi elettronici Silca è ora disponibile con formula “pay per use”, grazie all’utilizzo di gettoni digitali, i cosiddetti “token”.**

Scopri i numerosi vantaggi di questa soluzione:

// Riduzione significativa della spesa iniziale.

// Pagamento solo per l’effettivo utilizzo della macchina o del dispositivo.

// Investimento personalizzato e flessibile.

// Aggiornamenti software gratuiti.

// Prova gratuita esclusiva.

// Pianificazione efficiente del tuo consumo di token.

// Extra Token anticipato da Silca quando hai esaurito i token.

// Libero di uscire dalla Soluzione Token e passare alla modalità “full” in qualsiasi momento.

## TOKEN-LÖSUNG

***Die flexible Lösung für ein erfolgreiches Schlüsselkopiergeschäft***

**Eine Reihe von Silca Schlüsselkopiermaschinen und elektronischen Geräten ist jetzt auch auf „Pay per use“-Basis erhältlich, d.h. sie funktionieren mit elektronischen Wertmarken, die so genannten „Token“.**

Entdecken Sie die zahlreichen Vorteile dieses Systems:

// Anschaffungskosten werden deutlich reduziert.

// Sie zahlen nur für die tatsächliche Nutzung.

// Maßgeschneiderte und flexible Investitionen.

// Kostenlose Software-Aktualisierungen.

// Exklusive Testversion.

// Kosteneffiziente Planung Ihres Token Verbrauchs.

// Extra Token für den Fall, dass Sie alle Token aufgebraucht haben.

// Jederzeit frei auf Vollmodus zu wechseln und die Token-Lösung zu verlassen.

## TOKEN SOLUTION

***L'option flexible pour la réussite de votre activité***

**Une série de machines à tailler les clés et dispositifs électroniques Silca est aujourd'hui disponible avec paiement à l'utilisation, grâce à l'usage de jetons numériques, appelés également "token".**

Découvrez les nombreux avantages de cette solution:

// Réduction conséquente des coûts de démarrage.

// Paiement à l'utilisation.

// Investissement sur mesure et flexible.

// Mises à jour du logiciel gratuites.

// Essai gratuit en exclusivité.

// Planification économique de votre consommation de jetons.

// Extra Token pour les cas dont vous avez utilisé tous vos jetons.

// Libre à tout moment de passer en mode illimité.

## SOLUCIÓN TOKEN

***La opción más flexible para garantizar el éxito de su servicio llaves***

**Unas máquinas duplicadoras y unos dispositivos electrónicos Silca están ahora disponibles con una formula de "pago por consumo", utilizando fichas digitales ("token").**

Descubra las ventajas de esta solución:

// Reducción significativa del coste de puesta en marcha.

// Se paga sólo el uso real del dispositivo o de la máquina.

// Inversión personalizada y flexible.

// Actualización software sin cargo.

// Prueba gratuita exclusiva.

// Planificación rentable del consumo de tokens.

// Extra Token (Ficha Extra) en el caso de agotar todos sus tokens.

// Disponibilidad de cambiar a modo completo en cualquier momento.

## SOLUÇÃO TOKEN

***A solução flexível para um serviço de chaves de sucesso***

**Uma série de máquinas duplicadoras e dispositivos eletrônicos Silca está agora disponível com a fórmula "pay per use", graças à utilização de fichas digitais, os chamados "token".**

Conheça as numerosas vantagens desta solução:

// Redução significativa do custo inicial.

// Pagar somente o que for efectivamente utilizado.

// Investimento personalizado e flexível.

// Atualizações gratuitas do software.

// Prova gratuita exclusiva.

// Planejamento eficiente do seu consumo de token.

// Extra Token no caso em que o cliente utilize todos os token.

// Livre de passar para a modalidade "full" em qualquer momento.

## TOKEN TYPES / TIPI DI TOKEN / ARTEN VON TOKEN / TYPES DE JETONS / TIPOS DE TOKENS / TIPOS DE TOKEN

**Token Packs:** sets of a fixed number of tokens, deducted once a key has been copied in different amounts depending on the type of key.

**Token Pack:** pacchetti consistenti in un determinato numero di token, scalati ogni volta che viene duplicata una chiave, in quantità diversa in base alla tipologia di chiave.

**Token Pakete:** Pakete aus einer festen Anzahl von Tokens. Für jede Kopie werden Token (abhängig von der Art des Schlüssels) abgezogen.

**Token Packs:** jeux de jetons d'un nombre prédéterminé, avec déduction à chaque reproduction de clé selon le type de clé reproduite.

**Paquetes de Tokens:** series de un número determinado de tokens, que se restan cuando se copia una llave, en cantidades que varían según el tipo de llave.

**Token Pack:** pacotes de um determinado número de token, desfalcados cada vez que for duplicada uma chave, em quantidades diferentes com base no tipo de chave.

**Unlimited Token Plan (UTP):** subscriptions valid for a set duration of time, starting from 1 month. During the period of validity of the subscription, you will be able to duplicate an unlimited number of keys.

**Token a Tempo o Unlimited Token Plan (UTP):** abbonamenti di durata variabile, a partire da un mese. Durante il periodo di validità dell'abbonamento, potrai duplicare un numero illimitato di chiavi.

**Unbegrenzte Token Pakete / Unlimited Token Plan (UTP):** Abonnements gelten für einen festgelegten Zeitraum, beginnend ab einem Monat. Während der Laufzeit des Abonnements können Sie unbegrenzt Schlüssel kopieren.

**Unlimited Token Plan (UTP):** abonnements à durée déterminée, à partir de 1 mois. Pendant la période de validité de l'abonnement, vous pouvez reproduire un nombre illimité de clés.

**Plan Ilimitado de Tokens / Unlimited Token Plan (UTP):** suscripciones válidas por un tiempo determinado, empezando desde 1 mes. Durante el período de validez de la suscripción, usted podrá duplicar un número ilimitado de llaves.

**Token a Tempo ou Unlimited Token Plan (UTP):** assinaturas de duração variável, começando de um mês. Durante o período de validade da assinatura, poderá duplicar um número ilimitado de chaves.

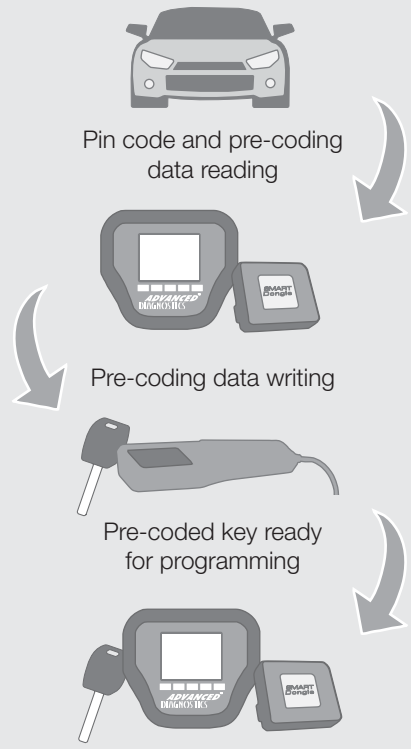
# Smart Aerial

## For Fiat® and VAG® transponders pre-coding

### EASY PRE-CODING PROCEDURE



### SMART AERIAL

**Smart Aerial has been developed to be used with Smart Dongle to write pre-coding data onto ID48 and ID46 transponders found within various keys for Fiat® and VAG® (Audi®, Seat®, Škoda® and Volkswagen®) models.**

With Smart Aerial pre-coding data are read in the background and then written automatically onto the blank transponder, avoiding mistakes linked to the manual input of data.

### SMART AERIAL

**Smart Aerial, utilizzato congiuntamente a Smart Dongle, è stato sviluppato per consentire ai duplicatori di pre-codificare transponder ID48 e ID46 presenti in numerose chiavi veicolo Fiat® e VAG® (Audi®, Seat®, Škoda® e Volkswagen®).**

Con Smart Aerial i dati di pre-codifica vengono letti in background e scritti automaticamente sul transponder vergine, evitando errori legati all'inserimento manuale di dati.

### SMART AERIAL

**Smart Aerial wurde entwickelt, damit Sie Transponder ID48 und ID46 von zahlreichen Fiat®- und VAG®- (Audi®-, Seat®-, Škoda®-, und Volkswagen®) Fahrzeugschlüsseln vorcodieren können. Smart Aerial wird mit dem Smart Dongle zusammen verwendet.**

Die Daten zur Vorcodierung werden im Hintergrund gelesen und automatisch auf den leeren Transponder übertragen, um die mit der manuellen Dateneingabe verbundenen Fehler zu vermeiden.

### SMART AERIAL

**Smart Aerial, utilisé avec Smart Dongle, a été développé pour permettre aux professionnels de la reproduction de clés de précoder les transpondeurs ID48 et ID46 de nombreuses clés de véhicules pour Fiat® et VAG® (Audi®, Seat®, Škoda® et Volkswagen®).**

Avec Smart Aerial les données de précodage sont lues en background et écrites automatiquement sur le transpondeur vierge pour éviter les erreurs liées à l'encodage manuel des données.

### SMART AERIAL

**Smart Aerial fue desarrollado para que los duplicadores, utilizandolo junto a Smart Dongle, puedan precodificar los transponders ID48 e ID46 de numerosas llaves para vehículos Fiat® y VAG® (Audi®, Seat®, Škoda® y Volkswagen®).**

Con Smart Aerial los datos de precodificación son leídos en el fondo y escritos automáticamente en el transponder virgen para evitar errores producidos por la introducción manual de datos.

### SMART AERIAL

**Smart Aerial foi desenvolvido para permitir aos profissionais da duplicação pré-codificar, utilizado juntamente com Smart Dongle, os transponders ID48 e ID46 de várias chaves para veículos Fiat® e VAG® (Audi®, Seat®, Škoda® e Volkswagen®).**

Com Smart Aerial os dados de pré-codificação são lidos em background e escritos automaticamente no transponder virgem para evitar erros ligados à introdução manual de dados.

# The new **Vehicle Key Finder Pro 3.0** is available for Computer, Tablet and Mobile: **ekc.silca.biz/vkf**

## VEHICLE KEY FINDER PRO 3.0

**Vehicle Key Finder Pro 3.0 is the perfect tool for finding information on a vehicle key you need to duplicate, clone and/or program.**

// It is optimized for PC, tablet and smartphone, and is integrated in MySilca app.

// It is available in 7 languages: English, Italian, German, French, Spanish, Portoguese, and Dutch.

// It allows you to search by vehicle make, model and year (both for cloning and programming) and by Silca key reference.

// The 3 search functions provide relevant information for cutting and programming a vehicle key, cloning its transponder, or copying a vehicle remote. Information provided include:

- the Silca key reference to use,
- the type of transponder required,
- the cloning device needed,
- the data cards, series, clamps, and accessories necessary to cut the key with Silca key machines,
- the software, dongles, and cables required.

## VEHICLE KEY FINDER PRO 3.0

**Vehicle Key Finder Pro 3.0 è lo strumento ideale per reperire le informazioni necessarie a duplicare, clonare e/o programmare una chiave veicolo.**

// È ottimizzato per PC, tablet e smartphone, ed è integrato a MySilca app.

// È disponibile in 7 lingue: italiano, inglese, tedesco, francese, spagnolo, portoghese e olandese.

// Ti consente di effettuare diversi tipi di ricerca: per marca, modello e anno del veicolo (sia per la clonazione che per la programmazione) e per referenza Silca.

// Le 3 funzioni di ricerca forniscono le informazioni più importanti per cifrare e programmare una chiave veicolo, clonarne il transponder, o copiare un radiocomando veicolo. Fra le altre, VKF Pro 3.0 fornisce le seguenti informazioni:

- la referenza Silca da utilizzare,
- il tipo di transponder richiesto,
- il dispositivo di clonazione più indicato,
- le schede software, le serie, i morsetti e gli eventuali accessori necessari a cifrare la chiave con le duplicatrici Silca,
- i software, i dongle e i cavi richiesti.

## VEHICLE KEY FINDER PRO 3.0

**Vehicle Key Finder Pro 3.0 ist das ideale Instrument, um die zum Fräsen, Kopieren und/ oder Programmieren von Autoschlüsseln erforderlichen Informationen zu finden.**

// Optimiert für PC, Tablet und Smartphone und in MySilca App integriert.

// In 7 Sprachen erhältlich: Deutsch, Englisch, Italienisch, Französisch, Spanisch, Portugiesisch und Niederländisch.

// Verschiedene Suchmodalitäten: nach Marke, Modell und Baujahr (sowohl für das Kopieren als auch für das Programmieren) und nach Silca-Referenzen.

// Die 3 Suchfunktionen liefern die wichtigsten Daten für das Fräsen und Programmieren eines Autoschlüssels, für das Kopieren eines Transponders oder einer Funkfernbedienung. VKF Pro 3.0 stellt u.a. die folgenden Daten bereit:

- die einzusetzende Silca-Referenz,
- die erforderliche Transponder-Art,
- das am besten geeignete Kopiergerät,
- die erforderlichen Software-Karten, Serien, Backen und Zubehör für das Fräsen von Schlüsseln mit den Maschinen Silca,
- die erforderlichen Softwares, Dongles und Kabel.

## VEHICLE KEY FINDER PRO 3.0

**Vehicle Key Finder Pro 3.0 est l'instrument idéal pour trouver les informations nécessaires pour reproduire, cloner et/ou programmer une clé véhicule.**

// Optimisé pour PC, tablette et smartphone, il est intégré à MySilca app.
// Disponible en 7 langues: français, anglais, italien, allemand, espagnol, portugais et néerlandais.
// Permet de faire différents types de recherche: par marque, modèle et année du véhicule (tant pour la reproduction que pour la programmation) et par références Silca.
// Les 3 fonctions de recherche donnent les informations les plus importantes pour tailler et programmer une clé véhicule, en cloner le transpondeur, ou copier une télécommande véhicule. VKF Pro 3.0 fournit, entre autres, les informations suivantes:
- la référence Silca à utiliser,
- le type de transpondeur demandé,
- le dispositif de reproduction le plus indiqué,
- les onglets software, les séries, les étaux et les accessoires nécessaires pour tailler la clé avec les machines Silca,
- les logiciels, les dongles et les câbles requis.

## VEHICLE KEY FINDER PRO 3.0

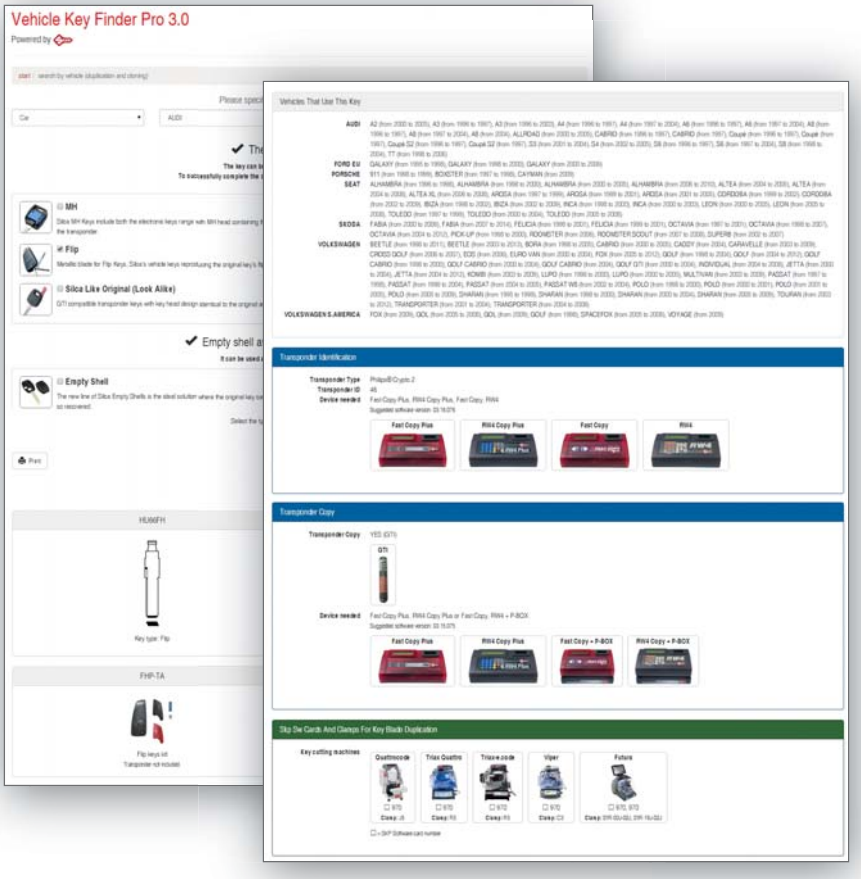
**Vehicle Key Finder Pro 3.0 es la herramienta ideal para obtener la información necesaria para duplicar, clonar y/o programar una llave de vehículo.**

// Se ha optimizado para PCs, tabletas y smartphone, y se ha integrado en MySilca app.
// Existe en 7 idiomas: español, inglés, italiano, alemán, francés, portugués y holandés.
// Te permite llevar a cabo varios tipos de búsqueda: por marca, modelo y año del vehículo (para la clonación y para la programación) y por referencia Silca.
// Las 3 funciones de búsqueda proporcionan la información más importante para cortar y programar una llave de vehículo, clonar su transponder o copiar un radiomando de vehículo. VKF Pro 3.0 proporciona la siguiente información entre otras:
- la referencia Silca usada,
- el tipo de transponder demandado,
- el dispositivo de clonación más indicado,
- las tarjetas software, la serie, las mordazas y los accesorios necesarios para cortar la llave con las duplicadoras Silca,
- los software, los dongle y los cables demandados.

## VEHICLE KEY FINDER PRO 3.0

**Vehicle Key Finder Pro 3.0 é o instrumento ideal para encontrar as informações necessárias para duplicar, clonar e/ou programar uma chave para veículo.**

// É optimizado para PC, tablet e smartphone, e é integrado a MySilca app.
// Está disponível em 7 idiomas: português, inglês, italiano, alemão, francês, espanhol e holandês.
// Permite efectuar vários tipos de pesquisa: por marca, modelo e ano do veículo (quer para a clonagem quer para a programação) e por referência Silca.
// As 3 funções de pesquisa fornecem as informações mais importantes para cortar e programar uma chave para veículo, clonar o transponder, ou copiar um radiocomando para veículo. Entre as outras, VKF 3.0 fornece as informações seguintes:
- a referência Silca a utilizar,
- o tipo de transponder solicitado,
- o dispositivo de clonagem mais indicado,
- as fichas software, as séries, os mordentes e os acessórios necessários para cortar a chave com as duplicadoras Silca,
- os softwares, os dongle e os cabos exigidos.



**SYSTEM REQUIREMENTS:** Vehicle Key Finder Pro 3.0 needs a modern browser, javascript (active by default on all browsers) and cookies to function properly. Cookies don't track personal data but keep some basic information like the language of the app. Supported browsers: Internet Explorer 9 or better, Chrome 20 or better, Firefox 8 or better, Safari 6 or better.

**REQUISITI DI SISTEMA:** Per funzionare correttamente, Vehicle Key Finder Pro 3.0 necessita di un browser moderno, javascript (già attivo di default su tutti i browser), e il permesso di impostare i cookie. I cookie non salvano dati personali ma conservano solo alcune informazioni di base come la lingua dell'applicazione. Browser supportati: Internet Explorer 9 o successivo, Chrome 20 o successivo, Firefox 8 o successivo, Safari 6 o successivo.

**SYSTEMANFORDERUNGEN:** Zum einwandfreien Funktionieren braucht Vehicle Key Finder Pro 3.0 einen modernen Browser, Javascript (schon in allen Browsern aktiviert) und die Befähigung zur Cookie-Einstellung. Die Cookies speichern keine personenbezogenen Daten, sondern nur einige Grundinformationen, wie die Anwendungssprache. Unterstützte Browser: Internet Explorer 9 oder spätere Version, Chrome 20 oder spätere Version oder, Firefox 8 o spätere Version, Safari 6 oder spätere Version.

**CONFIGURATION REQUISE:** Pour marcher correctement, Vehicle Key Finder Pro 3.0 a besoin d'un browser moderne JavaScript (déjà en service par défaut sur tous les browsers) et d'un permis d'imposer les cookies. Les cookies ne sauvegardent pas les données personnelles car il ne conservent que certaines informations générales comme la langue de l'application. Browser admis: Internet Explorer 9 ou postérieur, Chrome 20 ou postérieur, Firefox 8 ou postérieur, Safari 6 ou postérieur.

**REQUISITOS DE SISTEMA:** Vehicle Key Finder Pro 3.0 para funcionar correctamente requiere un navegador moderno, javascript (con activación predefinida en todos los navegadores) y la autorización para configurar las cookies. Las cookies no guardan datos personales, solamente conservan información básica como lo es el idioma de la aplicación. Navegadores soportados: Internet Explorer 9 o sucesivo, Chrome 20 o sucesivo, Firefox 8 o sucesivo y Safari 6 o sucesivo.

**REQUISITOS DE SISTEMA:** Para funcionar correctamente, Vehicle Key Finder Pro 3.0 necessita de um browser moderno, javascript (já activo por padrão em todos os browsers), e a possibilidade de programar os cookies. Os cookies não guardam dados pessoais, mas só armazenam algumas informações básicas como o idioma da aplicação. Browsers suportados: Internet Explorer 9 ou mais recente, Chrome 20 ou mais recente, Firefox 8 ou mais recente, Safari 6 ou mais recente.

# Update 3/2015 - SKP Vers. 20.8.x.xx

## UPDATE 3/2015

**New Silca Key Programs 3/2015 Update for all WEB and DVD subscribers** available in the “News” section of Silca Key Programs.

Discover all the updates for Silca Code Program, Silca Triax - Quattrocode Program, Silca Viper Program, and Silca Transponder Program.

## AGGIORNAMENTO 3/2015

**Nuovo Aggiornamento Silca Key Programs 3/2015 per tutti gli abbonati WEB e DVD** consultabile nella sezione “Novità” di Silca Key Programs.

Scopri tutti gli aggiornamenti per Silca Code Program, Silca Triax - Quattrocode Program, Silca Viper Program, e Silca Transponder Program.

## AKTUALISIERUNG 3/2015

**Neue Aktualisierung Silca Key Programs 3/2015 für alle WEB und DVD Abonnenten** ist in der Sektion “Neuheiten” des Silca Key Programs verfügbar.

Entdecken Sie die Aktualisierungen für Silca Code Program, Silca Triax - Quattrocode Program, Silca Viper Program und Silca Transponder Program.

## MISE A JOUR 3/2015

**Nouvelle mise à jour Silca Key Programs 3/2015 pour tous les abonnés WEB et DVD** disponible dans la section “Nouveautés” de Silca Key Programs.

Découvrez toutes les mises à jour pour Silca Code Program, Silca Triax - Quattrocode Program, Silca Viper Program et Silca Transponder Program.

## ACTUALIZACIÓN 3/2015

**Nueva actualización Silca Key Programs 3/2015 para todos los abonados WEB y DVD** disponible en la sección “Novedades” de Silca Key Programs.

Descubra todas las actualizaciones para Silca Code Program, Silca Triax - Quattrocode Program, Silca Viper Program y Silca Transponder Program.

## ATUALIZAÇÃO 3/2015

**Nova atualização Silca Key Programs 3/2015 para todos o assinantes WEB e DVD** disponível na seção “Novidades” de Silca Key Programs.

Descubra todas as atualizações para Silca Code Program, Silca Triax - Quattrocode Program, Silca Viper Program e Silca Transponder Program.

# Smart Aerial / RW4 Plus / Fast Copy Plus

Software compatibility and options / Compatibilità software e opzioni / Kompatibilität der Software und Optionen
Compatibilité logiciel et options / Compatibilidad software y opciones / Compatibilidade software e opções

## December 2015

Advanced Diagnostics are pleased to announce Smart Aerial is compatible with the following software modules for pre-coding. Pre-coding can be done using the programming device AD100 Pro / MVP Pro, Smart Dongle and Smart Aerial, or alternatively the programming device AD100 Pro / MVP Pro, Smart Dongle, Power Cable (ADC243) and RW4 Plus / Fast Copy Plus.

Smart Aerial ist mit den folgenden Software-Modulen für die Vorcodierung kompatibel. Die Vorcodierung kann mit den Programmierungsgeräten AD100 Pro / MVP Pro, Smart Dongle und Smart Aerial, oder alternativ mit dem Programmierungsgerät AD100 Pro / MVP Pro, Smart Dongle, Power Cable (ADC243) und RW4 Plus / Fast Copy Plus erfolgen.

Smart Aerial es compatible con los siguientes módulos software que permiten efectuar la precodificación. La precodificación puede efectuarse mediante el uso del dispositivo de programación AD100 Pro / MVP Pro, Smart Dongle y Smart Aerial, o sino con el dispositivo de programación AD100 Pro / MVP Pro, Smart Dongle, el cable Power Cable (ADC243) y RW4 Plus / Fast Copy Plus.

Smart Aerial è compatibile con i seguenti moduli software con i quali è possibile effettuare la pre-codifica. La pre-codifica può essere effettuata utilizzando il dispositivo di programmazione AD100 Pro / MVP Pro, Smart Dongle e Smart Aerial, o in alternativa con il dispositivo di programmazione AD100 Pro / MVP Pro, Smart Dongle, il cavo Power Cable (ADC243) e RW4 Plus / Fast Copy Plus.

Smart Aerial est compatible avec les modules logiciel de précodage suivants. Le précodage peut être fait avec le dispositif de programmation AD100 Pro / MVP Pro, Smart Dongle et Smart Aerial ou, en alternative, avec le dispositif de programmation AD100 Pro / MVP Pro, Smart Dongle, le câble Power Cable (ADC243) et RW4 Plus / Fast Copy Plus.

Smart Aerial é compatível com os seguintes módulos de software com os quais é possível efetuar a pré-codificação. A pré-codificação pode ser efetuada utilizando o dispositivo de programação AD100 Pro / MVP Pro, Smart Dongle e Smart Aerial, ou em alternativa com AD100 Pro / MVP Pro, Smart Dongle, o cabo Power Cable (ADC243) e RW4 Plus / Fast Copy Plus.

# Fiat® 2015 Key Programming Software
# ADS247 (SOUTH AMERICA) - Code D746561AD

Smart Dongle and Smart Aerial compatible

## December 2015

ADS247 key programming software now includes **pin code reading and pre-coding for Fiat® vehicles specific to the South and Central American market.** Pre-coding can be performed seamlessly in the background using Smart Aerial and Smart Dongle, enabling the locksmith to pre-code a blank transponder without switching to another device or tool.

Il software di programmazione chiavi veicolo ADS247 comprende le funzioni di **lettura codici pin e la pre-codifica di veicoli Fiat® circolanti nel Centro e Sud America.** La pre-codifica può essere effettuata in background utilizzando Smart Dongle e Smart Aerial, permettendo di pre-codificare un transponder vergine senza dover utilizzare altri dispositivi.

Die Software zur Kfz-Schlüsselprogrammierung ADS247 umfasst **Pincode-Lese- und Vorcodierungsfunktionen für Fiat® Fahrzeuge, die hauptsächlich in Süd- und Zentralamerika verkehren.** Das Vorcodieren kann in Background mit Smart Aerial und Smart Dongle durchgeführt werden, so kann ein leerer Transponder ohne den Einsatz von weiteren Geräten vorcodiert werden.

Le software de programmation de clés véhicule ADS247 comprend les fonctions de **lecture des codes pin et la précodage de véhicules Fiat® circulant spécifiquement dans les marchés de l'Amérique Centrale et du Sud.** Le précodage pourra être fait en background avec Smart Dongle et Smart Aerial, ce qui vous permettra de précoder un transpondeur vierge sans devoir utiliser d'autres dispositifs.

El software para la programación de llaves de vehículo ADS247 comprende las funciones de **lectura de códigos pin y la precodificación de vehículos Fiat® en circulación específicamente en América Central y Sudamérica.** La precodificación puede efectuarse en el fondo mediante Smart Dongle y Smart Aerial, por lo que permite precodificar un transponder virgen sin usar otros dispositivos.

O software de programação de chaves para veículo ADS247 inclui todas as funções de **leitura dos códigos pin e a pré-codificação de veículos Fiat® que circulam especificadamente na América Central e do Sul.** A pré-codificação pode ser efectuada em background utilizando Smart Dongle e Smart Aerial, permitindo pré-codificar um transponder virgem sem ter de utilizar outros dispositivos ou acessórios.

# Nissan® 2015 Key Programming Software
# ADS249 (SOUTH AMERICA) - Code D746568AD

## December 2015

**ADS249 key programming software for Nissan® 2015 vehicles found in South America allows keys to be added or programmed from a lost key situation.** The software has been designed to read the 12 digit pin code data automatically in the background, making it a seamless process when programming keys. ADS159 software required.

**Il software ADS249 permette di aggiungere o programmare chiavi per alcuni veicoli Nissan® diffusi in Sud America anche nel caso in cui la chiave originale sia andata persa.** Il software consente la lettura del codice pin a 12 cifre, che viene effettuata automaticamente in background, rendendo la procedura di programmazione semplice e veloce. È richiesto anche il software ADS159.

**Mit der Software ADS249 können Schlüssel einiger Nissan®-Modelle, die in Südamerika verbreitet sind, hinzugefügt oder programmiert werden auch wenn der Originalschlüssel verloren gegangen ist.** Mit der Software können 12stellige Codes automatisch im Background gelesen werden, so dass die Schlüsselprogrammierung einfach und schnell erfolgt. Software ADS159 erforderlich.

**Le logiciel ADS249 permet d'ajouter ou de programmer des clés pour certains modèles de véhicules Nissan® diffus en Amérique du Sud même quand on a perdu la clé originale.** Ce logiciel permet de lire des codes pin à 12 chiffres, en background automatique, ce qui rend la programmation de la clé plus simple et rapide. Logiciel ADS249 requis.

**El software ADS249 permite añadir o programar llaves para algunos modelos del vehículo Nissan® difundidos en Sudamérica también cuando se ha perdido la llave original.** El software permite la lectura del código pin de 12 dígitos, que se efectúa automáticamente de fondo, por lo que el procedimiento de programación de la llave es sencillo y rápido. Se requiere el software ADS159.

**O software ADS249 permite adicionar ou programar chaves para alguns modelos de veículo Nissan® difundidos na América do Sul também no caso de perda da chave original.** O software permite a leitura do código pin de 12 algarismos, que é efetuada automaticamente em background, tornando o procedimento de programação da chave mais simples e rápido. Software ADS159 necessário.

# FREE Software Update for Ford®
# ADS100 (South America) - Code D745306AD

## December 2015

**The ADS100 update applies to the South American market for selected Ford® vehicles.** The key programming procedure is a timed access operation that takes 10 minutes to complete and does not require a pin code. This software allows keys to be added or programmed from a lost key situation.

**L'aggiornamento software ADS100 è dedicato specificatamente a veicoli Ford® in circolazione in Sud America.** La procedura di programmazione della chiave è a tempo, richiede circa 10 minuti per essere completata e non necessita di un codice pin. Il software consente di aggiungere o programmare una chiave anche nel caso in cui la chiave originale sia andata persa.

**Das Softwareupdate ADS100 wurde spezifisch für Ford® Fahrzeuge, die in Südamerika zirkulieren, entwickelt.** Der Schlüsselprogrammiervorgang ist zeitbestimmt, dauert ca. 10 Minuten und braucht kein Pincode. Mit dieser Software können Schlüssel hinzugefügt oder programmiert werden auch wenn der Originalschlüssel verloren gegangen ist.

**La mise à jour du logiciel ADS100 est spécialement consacrée aux véhicules Ford® en circulation en Amérique du Sud.** La procédure de programmation de la clé est à durée déterminée; il faut dix minutes pour la compléter et aucun code pin n'est nécessaire. Ce logiciel permet d'ajouter ou de programmer une clé même quand on a perdu la clé originale.

**La actualización del software ADS100 está dedicada específicamente a los vehículos Ford® en circulación en Sudamérica.** El procedimiento de programación de la llave requiere 10 minutos aproximadamente para completarse y no necesita un código pin. El software permite añadir o programar una llave también cuando se ha perdido la llave original.

**A atualização de software ADS100 é dedicada especificadamente aos veículos Ford®, que circulam na América do Sul.** O procedimento de programação da chave é a tempo, demora aprox. 10 minutos para se completar e não necessita de um código pin. O software permite adicionar ou programar uma chave também no caso de perda da chave original.
